

Half Jews, Quarter Jews, etc...

Now I wrote this shortly to explain some accidental and purposeful misconceptions that happen among people in regards to the jews.

The art of infiltration consists of APPEARING as your enemy, being behind their ranks, and ruining them from within. This is exactly what the enemy has done and continue to do.

In their Torah, they have full guides in regards to this very thing. This is the proficiency of the jew. You can't take over billions or millions of Goyim, when you are a sick frail lifeform that comes based on warfare, moreso against the Ancient races of old. But you can pretend and get in and ruin them from within with occult means, now that's more possible.

Now many people try to misinterpret the jewish writings in order to make reasons as to why half jews are less jewish and the list goes on. This is entirely untrue. Some even state the Nuremberg laws. Many people do not understand...

Some of these 'jews' were just jews in religion, and additionally, these people were strictly monitored, controlled, and forbidden from marrying with others. They were put in cages, so to say. The crackdown did happen on 99% of jews. The 1% remaining would be weeded of exactly after that time, as procreation was disallowed.

Unfortunately, when jews get too far in civilization (This is advice from the Torah) they gain positions in a state that the state cannot survive without. Surgical incision is needed, brute force will not always work.

The jews know the internal mechanics of the soul. They know that the inner soul is inherited by the line of the mother, and outward dealing of life and other factors are generated much by the father. They don't seem to know all the details, but they know what they need to know for their job. However, make no mistake: the soul and the genetics alike are one and there is no 'separation' in such things.

The "Cohen" gene, as I have heard some crap, CANNOT be removed either. It's in every cell, on every strand, every molecule of their hair, and so forth. They are jews. You cannot change what you are. You can change your appearance, alter the DNA code, chop your face into pieces until you can't recognize yourself, become a cyborg even- but this fundamental thing that is 'you' and makes you recognize yourself, this 'damned sense of self' is actually jewish for the jew.

You cannot get this out with meditation or anything like that. The only thing that meditation made for the jew is basically make them all the more dangerous, and the first thing they did with spiritual knowledge is weaponize it against the Goyim, because this is who they are. Their mission is coded in their very soul. There are no stupid or good samaritan reasons to ever accept the jews either. No reason whatsoever. Let's stop acting like good goyim retards here.

I am well aware many people will skip these lessons and go and associate with jews anyway, like the person in the groups two weeks before that said they had this jew they were doing weed with, so they didn't do the RTRs because they were afraid it would hurt their smoking habit or be met with other problems. I mean seriously guys, who should do RTRs to save the planet from extinction when you can smoke a plant and form a culture around it? I mean that's obviously superior than saving the planet from morbid future plans of a jewish oligarchy and shit like that.

"I just want my 10 minutes of kush induced mechanical relaxation and frying braincells and my front cortex which gave me the curse to be able to judge and have self control, not to defeat any jews."

Now please let's just be serious...

Then they wrote later in the message how the jew brought them some strange 'kush' if I recall right, which knocked them senseless and they felt like they were going insane. The jews love you Goyim. This person knew firsthand. Who knows maybe the jew next time will bring some cyanide or rape them while they are stoned. It may take a while until they get it. But this is the friendship of marijuana in the 21st century. If you don't fight them, they STILL WILL fight you and want to exterminate you. It's really that simple...You will not have peace because you're stupid or in conscious denial...

After all, (((self-thinking))) comes with a price in these cases. Most people self-think only when it is, you know, to do retarded shit such as smoke drugs. They want to exercise 'individuality' when it comes to all the suicidal crap in the world, to prove they are an 'individual'.

Everyone knows better than this "Hooded Nut Cobra" and all these other people in the world who tell them things like drugs are going to kill you or ruin you. Therefore, to my little individual thinking scientists who are always in for 'checking everything', I have a challenge for you [Obviously this is...humor]: You might want to go to a Hasidic neighborhood, and ask the jews there some questions. Ask them to read some Torah and other things? And be a bit pressing on your questions because this is where you're going to see them a bit agitated..Keep pressing with it..If you can come out alive, then you can tell us your individual, self-thinking opinion. You have a feeling they may gun you down or kill you? Why? We have to be 'individual thinkers' don't we?

Some others also argue: "Oh the non-Zionists do not do crimes". Well, they CAN'T. They are powerless. Then again, how do YOU KNOW? I have known their writings and their culture inside and out for a while now, and I see they use occult warfare, lying, and many other things extensively. How do you know what these people do at night, so to say? Just because they don't stab a knife in your stomach, that doesn't make them good, and it doesn't imply they do not want it.

Needless to say, to accept reality, have spiritual sight, and enough cultural sight of the jews, shows you things that can be disturbing. I never saw something more evil and depraved before.

The fact that the Rabbis reject these half or part jewish people, is because they are corrupted in accordance to how jews need their people. In other words, this is nothing 'personal'. It's just what they are commanded to do. They know the weaker people to inbreed, and the jews have done whatever they could to maintain their jewishness.

If you look at Rabbis, there aren't many brown rabbis, or asiatic looking rabbis in Israel or close at the top. They simply aren't going to allow lesser than sustained reptilians to run the show. Instead, they send these hybrids to infiltrate and do whatever they want really, OUTSIDE of their 'motherland'. They confer them benefits and great lives, so long they wipe out their enemies such as many jews at hollywood do. They simply don't care further however. Why should they? Is it like they have a compassion even for their own?

The jews in Israel, and especially the Rabbinical class and spiritualists, don't want jews from the father alone, because the inner part of the soul is better and closer from the jewish mother. This makes a jew, completely jewish in all levels. Now, when this is from the father, the job of these beings is NOT to be in Israel and pollute it, but become infiltrators to other races of people and so forth. This is just their job. Their external part is concealed for this exact purpose.

Many people do get confused on the jews. The purpose of hybridizing is the benefit of the doubt, the 'confusion' and the 'tolerance' that may be given rise to the victims. It's through these hybrids and through infiltration their greatest goals are accomplished. Indeed for jews, this need to 'integrate' and to procreate with their enemies is the fundamental savior of the jewish race. They are programmed to think that way, while most other Gentiles needed propaganda to even consider these actions.

A jew is always a jew. They can dress European, or African, or anything else, even adhere to the 'cultures' of their host, and in extreme cases, look and act like them, especially now with plastic surgeries. But as Rabbi Laitman mentioned, at some point, they know for a fact that they are jews. They can never disassociate this from their blood, behavior, and their soul. Mask it? Sure... For a while. Especially if the circumstances help, or if people are blind, they can't be seen. Indeed even the jew can neglect his own jewishness. However, when the time comes, they become exactly what they were all along, like a latent parasitic organism. They just can't help it any more than every race, which all act in accordance to their behavior, which paints everything people do. Integration of jews in another lands or places has always ended up with Pogroms and expulsions over this very reason.

Jewish hybrids from the mother are completely jewish in all levels, same are from their father. As I told you, it's only the behavior that may be different and how this is externalized. While the hybrid from the mother is basically in the soul (inner feminine) and therefore is extremely obvious in their behavior, the hybrid from the father is more internalized and as thus maybe less obvious at first glance. This can lead people into confusion and the jews know it. This is their job. They are however the same thing in their entirety. It's the method of operation that is different.

Lastly, when you understand the patterns of the jews and study the jewish soul, as in culture, religion, behavior and anything else, you can thoroughly see that they are an alien species. Many people don't know about them, and that is the problem. The way they

perceive the world, their beliefs and everything else are far from that of humanity, or any other reasonably moral species.

A jew can be raised in Mars and he will still materialize the same jewish culture and the same jewish way of looking at the world. This is reflected in most jewish artists who may have even had a "Christian" upbringing. Christianity is essentially judaism so it brings out the very same product even with zero exposure.

The jewish culture is nothing but the expression of the biology of the jewish race upon itself. Nobody forced the jews to believe what they do, but on the other hand, they forced the whole planet to adhere to their lies, so to say.

Let's let this giant pill (pun intended for the post) be swallowed, if humanity is to be saved. It can cause you six trillion gasses, which will kill a lot of parasites inside you, but that's all about it. If you however take the jew pill, a non adventuresome death is guaranteed.
