

# Note on the Upcoming RTR Rituals

Greetings to all our Satanic People and Comrades.

This has to be written now, as to avoid much "clutter" when the RTR's will arrive.

What's important to be stated, is that NO MATTER the new Rituals, we \*ALWAYS\* have to go over, and repeat and re-do the old ones. None must ever be quitted or left alone, as the enemy attacks all these frontiers we have covered (Such as Communications, or forcing the people to be docile and not revolt, etc.). The Rituals will need to be done, however, we will have to go back and re-do the other ones. The last Ritual we did, plus the others, all these have wrecked the enemy really bad. This is also manifesting physically. The enemy knows this, and they are terrified, especially on the higher levels. Of course, no word for this is "coming down" just yet, but this can be seen on its own.

Our RTR's have to never, ever be stopped, or be replaced with prior workings. These had their time, now, we are doing the RTR's. We have to prioritize, put on program (This will happen down the road again as many of us benefit from this, I will do this down the road again) and we will make them suffer.

Now for people who get some "negative" energy from the RTR's, what you can do, is that after or prior of doing an RTR, do the one of: "Those Who Bless Israel Are Cursed, Those who Curse Israel are blessed". This on its own will make your RTR's a literal blessing for you, while it doubles the pain for the enemy. Make sure to keep your energies high, maintain a strong Aura of Protection, and do these daily. Work daily done, is very strong. One can do big amounts of reps, but daily work with an amount of reps that makes it possible to be done daily, delivers damage everyday. Daily damage, is daily downfall.

They must not be given any time to recover. The enemy's magick is by definition different and this has to do with the jewish Soul, which thrives on parasitism, enslaving entities, using others and the list goes. The Gentile Soul is not limited to this kind of parasitic magick, and therefore we have its power. Systematically attacking the enemy, non stop, like a battering ram - this will guarantee our freedoms, and our positive and non-bloody transition to the next Age of Satan, which is the Aquarian Age.

Also, the more power Satan's side gains, the better the lives of all Satanists will become. The more you do for Satan, the more he will do for you. The Powers of Hell offer protection, help and assistance, let alone they are close-by to help everyone spiritually advance, guard our groups, and the list goes. Satan and the Gods themselves work overtime, all the time, to destroy the enemy. It's only sensible if one calls themselves a Satanist, to do something for Satan everyday. IMO, one must do everything they can for Satan everyday. Failure sometimes doesn't matter. All that matters is that this is the aim and that you approach this.

The gaze, attention and force must be focused on two places to guarantee our success. One is the unending spiritual offensive (and advancement of our side) and the other is physical work for Satan and promotion of \*HIS\* interests and Agenda. As I told you before, this will create better and more favourable conditions for all Satanists, and all people on the planet. The less the power of the slaver enemy, the more the good for the world.

In a final note, the enemy is of course pushing us as well. They are not stupid, and with all they have done, they will not sit idly and receive judgement. They will invent new types of lying, new types of misdirection, and possibly, more panic attacks on Humanity etc. The rule of thumb is simple: Never-Trust-A-Jew. This is to be expected, but the more our RTR's push, the less they will be able to do. The jews will lie in ways that may confuse the most intelligent of people. The key is to Never-Trust-A-Jew. Or the jewish bible, or their crap for that liking. The jewish opinion is not meant to be universal mandate, because some psychotic yids said so.

Lastly, we follow orders in regards to the RTR's and everything else. These are strictly in accordance to Lilith's guidance and help. As HPS Maxine said, Lilith will destroy the enemy and Communism, and this has been well known to the enemy. This has been "prophetized" and the enemy Rabbis and everyone else knows this too, but they tried to "prevent this" by ushering the spiritual powers of the deceived populace, outright violence, murder, crimes etc. They have lied, as with everything else, but they always knew that they were playing with fire and this is also documented in their own texts. The jews are really aware of what is coming on for them, especially after all they have done. Eradication of proof, lies, further deception, and anything else are to be expected.

All people can see for sure... Humanity is getting really, really fed up...

They used to laugh about it, but the more we go, the more Gentiles will be the ones laughing.

When you see the massive Awakening of people, and how people rise up and fight for a better tomorrow, be proud, push harder, smile and know...:
