

Rigged Elections in France and Germany

Greetings to all our Satanic People and Comrades.

Well, it goes beyond any saying that the elections have been rigged by the enemy. They learned from the Trump times, but let's not deceive ourselves, this has been going on for almost a century by now, except for some 'accidents'. From there on, they learned from it. If you pay attention, no matter 'who' is elected in the West anymore, it's the same globalist agenda of Israel being furthered. Those who still believe in this, are in the very least naive.

Everyone that conversates with anyone but themselves in a day, they understand that beliefs have changed. This should be reflected into elections at the very least. But it hasn't in the least.

Additionally, the inconsistencies are too big. Macron, a jewface out of nowhere, suddenly becomes president by 66% of the vote. The Kosher president endorsed him too, and all the media blocked all wikileaks too. Because who owns the media again? All it took was a phone call.

You never learn about it, it never happened. That's the rule in the jewtrix. Police get a call and get to shut up on the murderous muslim invasion.

In German regional elections which start now. Merkel, who millions wanted hanged for high treason, wins by landslide. What a landslide all of yesterday was indeed... Of course, this means NOTHING on the general election, but the media try to make a big deal about it.

Wow, she did that good. Yes, definitely. Way to go, Goyim for Christianity and Christian Democrats. If you have problems with jews, pray to a jew to save you from jews.

All this sounds very left.

Such as they do, nobody knows, it's OK. Killed, raped, and whatever, people don't learn from it. 96% of the media works this greatly anyway. It's really that easy.

Nobody knew he even existed earlier. Now he is so loved and supported. In short, it's total flat out lies. Indeed, here we have a victory in that people will see the blatant joke and turn their back to this lying kosher democracy.

Pay attention to the fact all the jewish shills say that the French or Germans destroyed their own self. Why would they? They simply rigged the elections by a big margin, and now blame the victims for it. Do not fall from the lies. What the jews do to Gentiles, they always tell them it's their own fault. It's how this race works.

It's a very obvious thing. They simply want to carry genocide and mass murder in European soil. But without war. The countries the Ancestors of Europeans have died to build these countries that are now taken over, pillaged and hijacked.

The generations of new Europeans are becoming Neets, and the hordes basically loot and "enjoy" everything in a parasitic feast until everything is done with. Some fools indeed also clap and laugh as people get bombed to bits.

However, it looks like some despair is totally necessary. Indeed, far more than what is going on. Too many retards, too many idiots and "progressives". Civilization will not take it, but indeed where it has come down to, we don't really have one.

Democracy will become completely void. With the amounts of "rapefugees" and everyone else flooding Europe, elections as they are rigged today, rigged or not in the future, will be completely worthless. Europe will be won over not by the ballot, but by the electoral ballot of the invaders and jews.

It's that simple. Let's keep up the warfare, and let the sinking continue, until people lash out.

This obvious jewish abuse just earned them millions more of hateful enemies that are willing to go the extra mile to solve the issue and fight in the future. This spirit of extinction will wake up those necessary to do something.

In a final observation, this is not bad. This is necessary, it was to be expected, and GOOD for us. If any percent of these elections was real, these people plucked their own eyes out. It will unavoidably manifest later. Indeed, the rigging was so obvious and wrongly done, that this is also perfect.

Lastly, this situation is far from being as bad and as worse as it should be for any

change. Many people are in a coma, many more are waking up, but they do not matter, it will matter only in the future for those who can and will choose to do anything.

These elections were obviously rigged and against the real will of the people. Also, let's not forget Trump. This is highly irrelevant to "elect". But how this will turn out in the future, this abuse of jewish power, will not be irrelevant at all...

Let's keep up with the RTRs and watch them grovel.
