

Satanic Unity

HP Hooded Cobra 666

May 4, 2017

What's a more fitting word than this to begin this?

"It is my desire that all my followers unite in a bond of unity, lest those who are without prevail against them."- Satan, Al Jilwah.

Now I know many people invent all sorts of fancy reasons and problems to 'isolate' themselves. Partly because of one reason or another...However this is the enemy that implies that this should be used as a false reason to completely isolate someone entirely.

This is obviously the enemy, as they basically want to corner people all the time. They will not like the fact you are a threat to them...So they try to minimize this threat by isolating Satanists. Satan, the Gods, or even you, will have no voice, no say, and no power, if his people are scattered and living in their own fantasy land alone. This is the recipe of damnation for the self and the whole accordingly.

There is a rule in nature, the rule of unity. We can see this with the enemy and their Islam and everything else. They are a cancer, eating the planet alive. Wrongly, unjustly, they don't even have common sense, logic, or any serious plan, or anything. They are a literal CANCER that lives and breathes...

But they are doing it TOGETHER and therefore, they are strong. Isolation is the most certain to drain someone down the swamp.

The human soul has 7 chakras. The "Ego" is only in the 3rd, Solar Chakra. There are other things in life. The highest forces and mightiest powers lie in unity, not in strict isolation. These people can at best, only benefit themselves. Greatest powers do not come strictly from the 'self', but from higher aspects of one's existence that deal with higher and united forces.

To do anything functional in reality, one has to band up and work by other people, and all these together, we express the power of Satan. Greatness of any 'ego' and advancement of such, is fundamentally linked to working with other beings.

One man is in the jungle, alone. They don't know crap. How 'great' are they? Maybe they have a skill for breaking coconuts, or eating bananas. What's there to glorify anyway here?

Satan shares knowledge and blessings in the group, and people who don't even bother, will not receive. This is rejection in more than one way.

One question all people know the answer to. Just how many times one asks for help

from the Gods, and they guide them to a specific post, or a specific thing within the groups? This makes it easier for them to help all of you out. Otherwise, this can take a lot of time and effort for the Demons to reach someone in an environment with zero 'leads' to answer them. This is only one example...

Being around here does not imply or consist of doing things that make one uncomfortable, doesn't force association with people one doesn't want, or anything uncomfortable like this. However, it implies that one knows when the wolves are to flock and fight so to say. You do not have to like people you don't like, get along with anyone, or whatever else of that nature that may cause discomfort.

Unity does not imply taking others as your 'gods', and those idiots who try to only for their own 'self', some particular failed cases, abuse other Satanists and try to uselessly make them their 'groupies' or whatever else.

Here we understand that unity is halfway, individuality is halfway. One cannot exist without the other. We are not a mass of sheep, as sheep are dumb and useless, but wolves are also worthless if they are not working in unity, for example.

I had many people who only care about themselves, complain over why they are not receiving any help. When you make your choice to only work for YOU, and include nothing and nobody in your existence (except of course to be their parasite for personal gain, how jewish of you) from just WHOM do you expect "HELP"? Aren't you working on your "own", anyway?

Those who think of this only halfway, are in for a very rude and damaging awakening. Many have taken this false route down before, and this never ends good.

Why? Because Satan's focus is to enlighten, protect, and empower his followers. This can happen only by unity on a mass level. Otherwise, say goodbye to Spiritual Satanism, and allow everything to go extinct, to name one example.

We are Satanists and it's important that we are united and we stand as one. There may be some disagreements, and sometimes, incompatibilities even. This is natural, and we understand this, same as Satan understands this.

There are however some fools who refuse to work with others, because they consider themselves an isolated 'god' or something. What these people don't understand is that the "God" power can be accessed on the mass level. Our unity here and who we are, in other words, affirms the power of Satan better than anything, let alone solitary individuals.

This does not imply friendship with mismatching or damaging individuals, or parasitic relations (as many people have serious deprogramming to do), let alone for VIPs and more advanced people to associate with people who are in the beginning stages. What it means however is cooperation, working for empowering purposes for everyone involved, and showing our power and participation, long story short.

It affirms something simple. What Satan's Will is, for his followers to be UNITED and be in the same war and in one army. This way, we are invincible, and we can never be

taken down.

Lastly, for the brainless idiots (jews excluded for this is in their racial nature and they cannot help it) who call themselves "Satanists" of any "sect", but attack the biggest and most powerful bastion of Satanism, the only one that fights for Satan as a real and recognizable being, that reflects Satan Will in the most total way...

You can seriously just consider leaving behind this madness. The 'rabbinism' and all the jewish gimmick behind and finally follow Satan without jewish observation glasses. This is not Satanism. This does not advance the individual, and this does nothing but generate either atheism, or Rabbinical Judaism under a new name. Both are equally damning, and unreasonable, and will not really help a Gentile who seeks spiritual understanding and anything further than 'atheistic beliefs'.

This is not only demeaning to Satan, but this is also damning for Gentiles who go into this rut.

The jews do this purposefully to destroy people who want to follow Satan and the Pagan Gods. Let's not mention all sorts of other dangers, many of which involve destruction of the individual by stupidity espoused by these so called (((("Satanic Groups")))).

Remember, Satanism is not about 'serving' or anything like that. But Satanism is a religion of intelligence, civilized nature, and highest advancement. This cannot happen only by 'solitary' advancement, there has to be massive advancement and expressed power through focused lenses, because we have enemies to conquer if we are to exist peacefully one day.

Those "Satanists" who know nothing to do than disunite, and do anything else to Satan. Are basically following the advice of Jesus.

Matthew 12:26

25. Knowing their thoughts, Jesus said to them, "Every kingdom divided against itself will be laid waste, and every city or household divided against itself will not stand.

26. *If Satan drives out Satan, he is divided against himself. How then can his kingdom stand?*

Those who follow the path of breaking unity, and trying to parasitically damage Satanic Unity, for their own tiny 'muh feels' or anything like that, or other jewish and more sinister purposes (like jews did since time immemorial to Satan anyway), are going to invite and receive Satan's Wrath.

First of all, by isolation, these people are rendered powerless, and second off, if this phenomenon persists, the Gods decide what is to be done, which it's not in my office to converse about. One can understand by putting one and one together.

Your individual advancement, or our advancement as a whole will never come by scattered, 'know it all' elements, and people who refuse to give back to Satan even the slightest thing he requires from his followers. Satan gives everything. The least his

followers can do is actually do what he says.

Why? For our safety, empowerment, and so that we can successfully crush the enemy.

Even if you are the most selfish character of all of them, just remember, the only way to retain this 'individuality' is by banding out with others. In short, even for the most selfish pricks, it's not in their interest to play this that way. Even if your reasons are that low, still, it makes perfect sense.

Sun or light bulb, if alone, the light can be turned out easily by parasites, enemies and black holes. It's when we come together that we are the most powerful spiritual force on the planet. Those who behave lower than animals (since all the intelligent animals in nature KNOW when it is for them to band together and fight) are on their own.

Satan, and the Gods, fight together. They are all in their level, office, and organization, and they all benefit from the mass and inconceivable power that is raised from the benefit of all. This is how real powerful individuals are born, and this is how things that nobody can ever make on their 'own' happen.

Poor are those who can't see beyond their nose, blessed and mighty those who have both a sense of self and sense of unity. This is the recipe of success.
