Greetings to all of our Satanic Family,

As many of you would have noticed, the Joy of Satan website, and Satan Is God website have been updated. Soon, there will start coming content updates in all of the JoS sections. This was necessary to be done first so that we are building on a proper ground and framework.

I understand the site requires a lot of updated material, as much of it has been obsolete. Please be understanding as the pages are in the hundreds, and many many more are going to be coming up one after another. Now these are all organized so further updates can be done.

We have to give special thanks to Soaring Eagle 666 first and foremost. The most important thing now is that the JoS also has a very good search function. No more trying to find pages getting difficult. This tool has you covered.

Lydia also has helped a lot, by the editing articles. Satanic Eagle has also helped with the main graphics, and others who have helped point to things that needed corrections.

I did the choices and the overseeing of the whole project to ensure none of the original character of the JoS website would be affected. The Gods have been extremely stern about that. Those of you who are closely with them will clearly understand what the JoS means to them.

Satan told us years ago with HPS Maxine, after we were reaching success and giving Satan the stature he always deserved "I have placed in your hands my one and only church". Nobody in history has represented Satan better than us. All others have fallen short and/or the enemy has done their odious work through them.

Joy of Satan Ministries has uplifted Satan, our Pagan Gods, and done what nobody else has ever done or will be able to do again in recent history. Our community is by far the best worldwide and most beloved by the Gods.

The Joy of Satan website should be treated as a highest and most holy and spiritual sacred ground there is for the Gentile people. This is an inheritance of not only all Pagan roots and branches of the Ancient Civilizations, but the gathering where all the people can learn away from intimidation by the enemy.

The knowledge it gives is the most important spiritual knowledge Gentiles currently possess. We have worked tirelessly to bring this up to the standard, and we are definitely not done yet. Actually, we are nowhere close to where we are going to bring this - it's going to get higher and higher, and better and better.

This depends upon Satanists that love Father Satan and know how important this work is, in their hearts, souls and minds.

Soaring Eagle 666 has done an exceptional work in basically recreating the whole back-end of the site and has done a tremendous amount of work to help the community advance. He deserves major thanks for this, as he undoubtedly done the big lifting to make the project possible.

This will now give me the ability to further proceed with the most important and anticipated content updates for the sake of the whole community. All of this was based on the organized effort of Brothers and Sisters in Satan. There is no limit to what we can all achieve together.

The new site also has a very important new feature, and that is the Search function. Now, you can search all the JoS pages with the search function that was developed, and you can more easily find whatever it is that you are searching for.

One of the most important projects of the year has been concluded and will keep benefiting Satanists unceasingly!

HAIL SATAN AND HAIL ALL OF SATAN'S OWN!!!

You will find the update announcement on the official JoS website in this link:
