

Youtube Channel Blocked, Made New One

Greetings Satanic Family.

I came here to say that I have been a victim of a Youtube Shoah...A shoah of 6 gazillion...

This channel had approximately 90,000 clicks, and around 120,000 minutes of watch time. In other words, it has served a good purpose for everyone. It helped a lot of people wake up, and also educate, give a laugh to our own, and help our own cause and so forth. I made this for everyone anyway... Therefore the time investment is good and I won't stop working on this.

Well the point is some jews seem to have found some of my latest videos 'threatening' to their agenda, especially the one about Jesus Christ being guess what, a jewish hoax to deceive the Goyim.

So they decided to ban some abilities of my channel, mainly the ability to upload. They gave a few 'strikes' to my account in one day's interval.

However, I would inform you 4 days ago when this happened, but didn't have the time because I was busy. Groups, work for the Gods, and work for people who order from my services, goes first. But now I decided to sit down and manage this.

The channel will work after a few 'months' when I am supposed to have (((Disciplined))) myself. I sent a mail to Jewtube asking them why do they tolerate black people who say they want to exterminate white people, Isis be-headings and jews claiming we are to be made cattle, but of course I never got a reply even if they gave me the ability to 'appeal'. They did not reply to mails from other panels I sent either.

However this is the Justice System today: "Don't you dare offend the jews, and don't you dare question the motives of their lackeys. Please die immediately Goyim if you're disobedient, serve to death the jew if you're a good Goyim."

The above is HIGHER than the human rights to expression, which these retards actually push everywhere. "Muh Rights to expression. Below this should write with an asterisk that these apply: *(only when it comes to killing Goyim, doing*

mass conspiracies for the planet, and when of course you come as an invader to countries the jews want to destroy, or you serve the jews Otherwise you either have to die, be marginalized, or go in jail and you don't have free speech. This applies also insofar you start questioning the jews).

It's always interesting to see Channels that call for White Extermination with 150,000 subscribers. Islamist channels or videos who, thanks to being Arabic, are always beyond any censoring even if they call about Death or Jihad. Every jew's channel coming out of nowhere and reaching the hundreds of thousands, and even (((("National Socialist Christianity")))) Channels in the tens of thousands with no rights taken. Because well, so long Rabbi Jesus survives, this is how it's gonna go...The jews will always keep in control.

However all of the above serves the jews. Therefore, for these people there is "Free Speech".

Here is my Old Channel:

Here is the NEW Channel. Please subscribe to this so we can get it rolling. Of course, there will be new content on this channel:

From now on I will make sure that this channel fares better, but honestly they seem to have this on the bulls-eye already. However, what's important is that I get videos up, and that we can download, circulate and spread them so the info can exist.

We must NOT CEASE FIGHTING THE WAR OF INFORMATION... This is the day Satanism dies. Otherwise it never will. The enemy has worked for centuries for Satanism to never be represented and for Satanists to not have a voice. Every single bit matters. Just keep the information out there for everyone, and let the Truth do its job...

Thanks for the support fellow Comrades.
