[October 18, 2016](#)

Greetings to all our Warriors and Comrades in our Satanic Army!

As HPS Maxine instructed in her schedule, we are to be doing these Rituals:

2016

12 October and anytime thereafter

□ *Kol Nidrei* –

□ *Lev 16: 22 – Reversing the Curse upon the Goat*

http://www.angelfire.com/wizard/pixie666/Lev_16_22.htm

Until the end of the month, we will have priority as following:

Until the 30th of the Month, we must be doing the Kol Nidrei and the Curse Upon the Goat daily. These ideally do not take much time and should be repeated as often as possible.

For those who want to do a third Ritual, we can add this one, that literally nukes the enemy unlike no other and is of the most toxic:

Cursing the 72 "Names of God": [Exceptionally powerful and destructive against the enemy] - A MUST DO RITUAL because this is the literal CORE of things

<http://www.angelfire.com/wizard/pixie666/72.htm>

So the priorities must be as follows:

1st Priority: Kol Nidrei

2nd Priority: Reversing the Curse upon the Goat

3rd Priority: (Ideally it should be done too - Optional but extremely necessary as well, so "optional" really means a MUST here for those who can do this) - The 72 Names reversal.

PS: Unless anything hops in line and we need to do any anti-war or any other Ritual, this is our schedule until the end of the month. Whatever hops, unless extremely urgent, will be replacing the 3rd priority Ritual.

We will then continue with the schedule and add new additions in regards to circumstance and advice from the Gods.

May all your Satanic Souls be blessed!
