General questions answered about the Final RTR [FAQ]

1. Do I need to raise my energies before the ritual?

Yes, you can raise your energies before the ritual.

2. Do I need to do the Ritual on a Specific time?

Any time will do. The hour of Saturn for those who have the luxury is also great, but any hour will do.

3. What if I do not have a printer? Does that weaken the ritual?

You do what is mentioned above for those not having a printer. No, the power of the ritual is the same without paper.

4. Should I do the ritual if I am new?

Yes, you can do the ritual if you are new.

5. If I do not have time, can I still do the ritual?

In severe cases of lack of time, it can still be done. With lower repetitions on each letter variation. The minimum should be 3 times. In extreme cases, 1 time will do. The affirmation must always be done 3 times.

6. How do I dispose the paper?

Bury it in the ground, shred it, ruin it in some way, and dispose it.

7. How frequently can I do this ritual?

As much as you like. It should be done daily by everyone.

8. What does this ritual do?

This ritual reverses the jewish letters which effectively reverses and ruins all the spiritual and existential system of the enemy, both on the world, and on any individual (for example, those blessed or cursed by jewish magick, those doing jewish meditation, jewish souls etc). It's a reversal of the very existence of the enemy in all senses. This includes the enemy in all their other occult branches also.

9. How strong is this ritual compared the ones we have done before?

This ritual would not be possible were it not for all the efforts put in the other rituals which opened the enemy up so this ritual can be effective and applicable. The RTR's need to be kept safe regardless in some place, yet for the time being we will only do this RTR as this captures everything we need to be doing.

This RTR encompasses all other RTR's in one package.

10. How do I chant/vibrate the letters?

This is a matter of personal preference. You can just speak the letters, or slightly vibrate them, and the ritual would be equally effective. One should strive to have the same sounds as the Mp3 file provided, but if these are not perfect, the ritual is still fully working and fully valid.

11. What is the sequence of the letters?

Taking for example the first letter:

"Vibrate each the following 9 times each: VAHT • FUHT • VUHT • VUHSS • OUT • OUTH • VAHSS"

This would be VAHT (you do this 9 times), then FUHT (you do this 9 times) then VUHT (you do this 9 times), then VUHSS (you do this 9 times), then OUT (you do this 9 times), then OUTH (you do this 9 times) then VAHS, you do this 9 times.

After the above, **you blot the letter.**

The same sequence is done for all letters, to their name variants from left to right. When you are done blotting the last letter, you say the affirmation with conviction 3 times.

12. When is the highest impact time to do the Ritual?

All times are, but now, from the 22th of July to the 30th of July, it's the most perfect time astrologically to do the ritual for the utter maximum effectiveness. This is the highest devastating date for the enemy and you can participate in it.

The ritual is generally very powerful so after these dates it will still have tremendous power.

13. Can I visualize the letters being destroyed?

Of course. In anyway you like.

14. If I do not have a printer, and I do not have an electronic device, how can I otherwise do the ritual?

In cases where one possesses only the means to read the ritual from and is in some sort of a dire situation. You do the ritual as usual, and instead of blotting out the papers or wiping them out in a paint program and disposing this, you can directly imagine the letters being destroyed.

One should try to use some means to do the ritual with a device or a paper however. Painting it over in your phone is also working fine.

15. I DO NOT HAVE A PRINTER

If you do not have a printer access and need to do the ritual right now:

1. Download this file:

<https://www.dropbox.com/.../terRTR.png?dl=1>

2. Open it in MS Paint (Microsoft paint) or any other painter utility in your pc/android/linux.

3. Paint over the letters as you do the RTRs.

4. Save the blotted-out file and delete it from your computer.

5. Repeat the above everytime you do your ritual.

16. LOW INK 1 PAGE PRINT FOR THE RTR

For those who want to print the RTR, here is it in one page. Thanks to the member Octavius for creating the two-page file which later was made into one page. One file has the RTR with the text, the other one only the ritual page:
