

This is War

Greetings to all our People and Satanic Comrades.

Spiritual Satanism is a path to glory, self-exaltation, and self-betterment. Now don't think this will come 'for free'. However, the prices one has to 'pay' are far better than all the dead cattle have to pay elsewhere, though. Just look at them and how they are rotting, and you will understand your 'reality shocks' were far less to pay compared to them. But for your inner bravery, Satan rewards with power and improvement.

Spiritual Satanism is the eternal and permanent rejection to the slave, and 'goyim' identity. People who are not willing to fight to meet this end, and who do not push things, they are going to get nowhere in life in general. This is a rule.

Those who do not fight, or resist, and want the 'easy' life, they may as well retreat to become a 'goyim'. At least that's what jews say, don't they? Bow down to 'christ' or 'allah', bow down to them, whatever, and you will be 'saved' or 'spared'?

Yes, right...Serve the jews. This must be why all people who are subservient to them are basically dead shells and husks, ignoramus, and at best enjoy a few 'trivial' things (1% of them) while the other 99% is worked in ignorance, death and slavery, something which the other 1% also shares. All these people are angry animals with no spirit whatsoever. It's shocking for them when they find out...

Why were BILLIONS of people butchered Even though they were their slaves and totally subservient? Because welcome to reality, they will NOT spare you. They will just kill you first if you bow to them...

Newsflash, the life of the "goyim" is a far more gruesome, painful, meaningless and devoid existence of them all.

These people exist for no reason whatsoever. They are so low in understanding they have a hard time even grasping this concept. If they did, and sometimes due to planetary alignments they do, they quickly contemplate suicide. Because well, life is totally pointless and meaningless.

With the above being stated, those who try to 'lay low' and do nothing for their spiritual freedom or to advance, are already dead and defeated. Therefore, there is no force or opposing force used against them by the enemy. But surely, their stupidity, lack of understanding, and their whole constitution is that of a weak slave. So when 'fate' or any other factor comes at them, they are non-existent like flies.

Another thing everyone has to understand, is that these 'people' outside are filled with ignorance, depression, and many other things. Not in any extent to people who are of Satan, which is basically because one was part of 'them' at some point unavoidably...It's in far...Far worse degrees. This can be easily understood by running a check to one's memory from the 'cattle times', or looking at people around them who reflect the idea of being a 'goy' better.

This is an unpleasant, unrewarding, and a life that baseline borders to non-existence. Indeed, if many people understood what they did, where they are rallied by the enemy, and what 'potential' future awaits them, many would choose to die now rather than exist. Our law is not a law for the many, or the cattle or the mass.

Our law and our fortune is that of the strong, with whatever calamities and wars this may come. It's pointless for a Satanic Soul to try to escape it's destiny and to go against what The Creator has ordained us to do. It will only lead to failure, depression, and far from our own inner seeking. Therefore, those who quit on this boat, will only waste their time waiting for the next.

For those we are on it, we will fight, because this is what we do: We Fight. People who do not feel this into their heart, align into those who do fight, and gain from them, for this is what a family does. Nobody will be able to stand in your way if you only understand this very Truth.

Lastly, the enemy is FIGHTING us. What does that mean? That they are powerless to erase things all-together. For if they had the power, they would have done it. Do not let them convince you otherwise, because it's implied powerlessness into their behalf. Fight and grow, grow and conquer.

Satanic Souls are like gems into a pile of hubris and excrement in the world, and you are like gold. Therefore, do not assume that you will get it easy and along with everyone. Most people will despise your power, inner peace and pleasure when this is achieved, and our war is not a war for 'friendship' with the sworn sheeple of the enemy, but a war of justice and if they attack us, retaliation.

Jews lying, they tell the Gentiles, it is 'tooth for tooth', but history proves otherwise. We know and follow the similar agreement. That's therefore OUR agreement: Treat us justly and so we will treat you, but if you touch our tooth, be prepared to lose all teeth within your mouth, so far enemies are concerned.

My last question to those who are afraid and worried, is this: Even if one is afraid about their 'life', what 'life' exactly has the enemy given you so you can 'lose'? Nothing. You owe them nothing. Additionally, our way is only to WIN, for life in a dominated, massively enslaved world such as the one of the enemy, wouldn't be worth living. This is to settle any 'fears' one may be experiencing.

There are no complaints. So many ancients and people who knew even half the things that are in 'plain sight' for many here, jumped in the fire, battled the enemy in the temples, and had to die and sacrifice. This has been everywhere, China, India, Europe, EVERYWHERE. What did all these people have in common?

The Knowledge and Wisdom of the Gods. This was their inheritance, and this is the path they have been set. Even these calamities were transitory. Many were tied down, burned alive, and tortured until their dying breath to open the mouth to the enemy and tell them secrets of spirituality, or what they knew.

Many saw their own children and 'families' coming at them with the torch to torch them, their 'friends' report them to the christians or muslims, and so many others over needs so simple as to go to school, being women and therefore (((forbidden))) to, had to die. What did these people do that was so 'bad' and 'criminal'? NOTHING. They simply meditated, tried to advance their fold, and help humanity in the best way. What did the enemy take from them? EVERYTHING. The enemy had to kill them to the last man, woman and child. Because the enemy is an ALIEN soul. Everything beautiful and every attempt to make anything better is an 'attack' to them...

What did these people do however? Did they sit down and watch the enemy? No they didn't...They held the bastion for humanity at the darkest times, times far harder than those today, many of which NOBODY can imagine.

Work in silence, in spirit, and in legal ways to push the last fire that remains for humanity to be enlightened for. The deeds now are so much easier compared to then. It's unacceptable for one to do NOTHING.

As for those who wonder, what are we doing? We are doing the same thing that people have done for tens of thousands of years ago. We preserve the highest of what Humanity has left inherited, and as people who have thrown themselves in the fire or fought victoriously, so will we, to preserve, advance and spread this very thing.

What people out there need to understand is that essentially they have 'nothing' to lose that they haven't lost, or will lose anyway. Most of the things they 'own' are even borrowed from something or someone else, and so they will return. There is only one war that matters, and that is the War for your Soul and the World. For this is where you will always return.

History is changed by individuals, and the brave. The cattle is useless, and beaten down completely by the enemy, and disassociated from waiting for it to be 'saved'. You have to be saved FROM it, FIRST and foremost. This is the first essential step to this. This is the purpose here in what we do together, and in advancement.

After people make it out and throw a rope to those in the melting pot...Only then we can think that the people at large will be "saved" or reach a level where it can at least resist. Because surely, most do NOT want to save themselves, and worse.

Our seeking is the masters of the cattle who have found themselves within the cattle due to pressure, and to find these wolves and bring them to the fold.

This is WAR. Unite, fight, DESTROY and BRING SPIRITUAL JUSTICE.
