Greetings to all of Our Spiritual Family and to all of Our Satanic Warriors.

Over the period of many years, if two things connect us, these have been the faith and fellowship to our Gods, and our spiritual warfare. Despite anything else, this has always been our top priority. We have fought and fought again by each other's side here, a war that other people even cower to mentally think about. A war that is invisible, violent, and in many ways hard on us, but utterly destructive to our enemies.

Our enemies who have been boasting on their victories for 'so long', have enjoyed the fragmentation of mankind by the sword, and they have enjoyed for centuries to fight spiritually ignorant people, to victimize them, and destroy everything this whole world has ever had dear to itself.

Satan and the Gods are enraged, and for very long. Revenge will finally fall upon the enemy, multiplied, unending and unrelenting - it will never end. The souls of the dead people they have exterminated and the corpses on which they built their kosher empires will suck out and destroy, and rip apart their souls, minds, and their creations.

Battle after battle, the enemy has bent the knee, and as the time progresses, the enemy will be completely spiritually annihilated. There is no turning back now. The process is final and their destiny is set in stone. The only requirement for everyone is to keep doing the pleasant, and the right thing: That is, to destroy the spiritual enemy and ruin them completely, develop, and keep fighting as we have.

However, aside of the aggressive aspect of this war, we have a defensive responsibility. As such except of doing in merciless offense the RTR's for the next days, we will also be doing another Ritual to bless ourselves and our own people for the fruits of our work. This is imperative and everyone is deserving of rewards. Similarly to all the rest of our rituals, this ritual will be aimed to help and assist everyone in safety, protection, and progress.

Our enemies of course were laughing, but as we progress, they are only crying. The Catholic church is collapsing like a castle of worthless paedophile dirtied sand, while the jewish foul curses are giving in, opening the door for a new way for mankind and a new spiritual authority to arise. We are this spiritual authority. The enemy's system will be reformed radically, and their spiritual control will be ruined and forever destroyed.

We have scored monumental victories, established peace during the attempts of the enemy to create their kosher wars, and we have change the flow of history towards a better route. We have been winning, and we will only keep winning. This

time, the jewish filth of the enemy isn't going to work. We are ensuring the enemy will completely fall, but also that the Gods will re-ascend to the height of power where they have always been, and reign supreme over the enemy's filthy lies.

In unity with our Gods and our spiritual army here, we will be doing the following work for the next days. Both Rituals will be posted below. The energy in both will be cumulative. The Final RTR will be removing bindings, curses, and will be cursing our enemies, while at the same time, we will be creating powerful energy around our workings.

However, this time, we will use our power to also bless ourselves, and very directly.

So EVERYONE must make sure to PARTICIPATE in this schedule and ritual. It is never too late. Nothing is too little, and nothing too much.

NO PROPS ARE REQUIRED FOR ANY OF THESE! JUST YOU, YOUR MIND, AND YOUR WILLPOWER!

The RTR can be done WITHOUT paper on these days, just imagine the letters disintegrating if you cannot get paper.

The second ritual needs NOTHING but to read the prayer, vibrate the Runes, and affirm!

All very easy and accessible! No Excuses!

Let's write History ONCE MORE!

Schedule for the next days:

21. The Final RTR, and the Ritual of Protection, Wealth and Prosperity.
22. [Solstice] The Final RTR. Ritual of Protection, Wealth and Prosperity.
23. [Satan's Day] The Final RTR. Ritual of Protection, Wealth and Prosperity.
24. The Final RTR. Ritual of Protection, Wealth and Prosperity.
25. The Final RTR (Repeatedly)
26. The Final RTR (Repeatedly)

Below are the Rituals:

1. The Final RTR which can be found here.

Note: One can neglect this paper this time. Keep it simple - make sure to just do the RTR and imagine the letters being blackened and destroyed.

One can either begin this Ritual with the formal Standard Ritual, or just instantly recite the following prayer and proceed with the Runic Vibration and then the affirmation.

This ritual is extremely simple. The power of it will be cumulative and it will manifest over time, as we will repeat it on power dates.

As such the steps are simple:

1. Recite the prayer either aloud or in your mind.
2. Vibrate the Runes given.
3. Call your Guardian Demon or Satan by mentally asking them to come to you.
4. Say the Ritual Affirmation 10 times with powerful intention.
5. Close the Ritual with a big Hail Satan.

The Prayer:

"In the Presence of the Almighty and All-Powerful Satan, His loyal Demons, our one and only family in the Gods. We humbly request your attention, we request your assistance, we request your guidance, your power and wisdom, now and for all eternity. Pour your blessings on us all, your loyal followers and dedicated followers, bonded by blood, shower us with your power and eulogies!

On this most important night, the Night which belongs to you, O Satan, our loyalty is tried and tested. Our Loyalty is true. We fight against your enemies, we revile those who blaspheme your Name and the Names of your Demons. We anathematize their curses, reverse their benedictions, as today the long darkness gives in, for your spiritual light to return, so do our enemies collapse, and your Kingdom Arises!

Lord Satan, and our Loyal Demons of Hell, on this Greatest Night, hear our request: assist us in the direction of this blessed energy on your dedicated people linked by bond of blood, and the whole Joy of Satan members, of all ranks and levels in accordance to your Will and Power, and Service!"

After this one can call into their Guardian Demon to help them guide the energy (Whether they know whom it is or not, do not stress over this, just do this mentally) and proceed with the runic vibrations.

The Runic Vibrations:

We will vibrate the following Runes [The amount of vibrations can be either 10, or 40 both are equally effective, one can increase the numbers, but cannot follow less than 10. The vibrations can be shorter and do not need one full breath, just to be vibrated and intended powerfully. After 40 times you can do it 60 vibrations, 80 vibrations, or 100 vibrations]:

*This is to be done in succession - one does all the runes and then proceeds to the affirmation.

Fehu - 40 or 10 times. *FFFFFFFFFFFF-EEEEEEEEEE-HHHHHHHH
UUUUUUUUUUUUUU*

Sowilo - 40 or 10 times. *SSSSSSSSSS-OOOOOOOO-VVVVVVVV-EE
LLLLLLLLL-OOOOOOOOOO*

Wunjo - 40 or 10 times. *VVVVVVVVVVVV-EE-NNNNNNN-EE-OOOOOO*

Othar - 40 or 10 times. *OOOOO-DH-AAAAAA-LLLLLLLLL*

Ansuz - Just 10 times. *AAAA-NNNN-SSSS-UUUU-ZZZZZZ*

When one is done with the total of the vibrations, they can focus intensely on the energy, and then say the following small affirmation:

The following is to be affirmed 10 times. [*Aum - Affirmation - Aum is one time. This has to be repeated 10 times.*]

Vibrate AUM [AAA-UUU-MMM]

"All the members of the Joy of Satan Ministries, Dedicated to Lord Satan by blood, advancing in this Spiritual Path, are now growing in material wealth and power, and are permanently protected and prosperous in all ways, NOW, CONTINUOUSLY, AND FOREVER!"

Vibrate AUM [AAA-UUU-MMM]

After this the Ritual is to be closed with a big HAIL SATAN!

As such this ritual is concluded.

Enjoy the Rituals and Yule Season, and remember, always HAIL SATAN!
