Greetings to all of our Satanic Warriors and family in Satan.

For those lacking time, please do scroll down. The schedule is there.

The introduction is going to be important. Soon, the enemy has holidays. The usual curses are going to be recited. Now, many people are oblivious of the things that the enemy has done. So many people are so deceived about what kind of "enemy" we are dealing with, or how this thing even works. Even worse, many are thrown in a very unspiritual level, completely oblivious of the fact that they are even 'attacked'.

The problem in someone's life is not actually doing warfare, but not doing it. Spiritual warfare, with the enemy on the earth, is as mandatory as someone having a functional immune system.

With so many curses in place, which manifest generally for most people, it is imperative people do the least and at least meditate or protect themselves. The astral is not a peaceful place as many people would have you believe, and many places in it, and unfortunately those close to the earth, are not energetically clear at all. It can be equated to a warzone, especially on dates where a lot of the enemy cursing is going on.

We are offsetting this by fighting back. Eventually, none of this will be left from them.

Many here, as a result of the JoS, the help from the Gods, and meditations, have developed spiritual and psychic ability. Others had it inborn, and they have improved it over meditation. Some Truths will therefore be more open to these people than of others.

Every so often, some people may complain of "negativity". This "negativity" is thrown on many people, and some of it may be targeted because people meditate [and therefore will escape from it in time]. But a lot of innocents receive this negativity at any given time. The general target of these is the mass mind of Gentiles, which is massacred by curses very often. These manifest in the lives of societies, or individuals.

These are all offset and destroyed by the Final RTR, and the Tetragrammaton. It would take us a thousand years to remove these one by one, and by the time one is removed, they have put a thousand new more curses. The only way to fight this chimera is to burn the heads permanently or nuke it. The Final RTR and Tetra take these all in the garbage bin, at once.

Follow the link here for important advice on soul purity. Never forget cleaning or protection for your soul, it must be done daily:

Now, before everything, just consider. Many idiots in Europe are saying that "Migrants are a blessing" and that "we need to be enriched". They heard that shit probably in their kosher Television. The reality of how these things even occur is through these curses, many of which are multidimensional.

Does all negativity and insanity happen from these curses alone? Well, no, because the enemy is not that powerful. But they have a major role in increasing negativity. An extreme multitude of negativity would not happen were it not for them for humanity.

No Nation should have people that are so illogical by any standards for a Nation to want to literally be ransacked, killed, islamized, and then go extinct.

Bear in mind, in every Christian church, all these souls of the enemy, have been reading these things against the "Sinful Europeans" for centuries. Then people scratch their head on why all these things even happen.

This is also the same shit book of goblin jewish fables upon which the "Christians" are basing their morals, life, and understanding of the universe. Then they complain they get more and more fucked.

Needless to say, these people are totally retarded. We have to also fight against this landmass of deceived fools and retards fools, who charge these curses. Spiritual disinfection is required.

To cite an example, here is a curse from Deuteronomy [aside other hundreds of curses]:

49 The LORD will bring a nation from afar, from the ends of the earth, to swoop down upon you like an eagle — a nation whose language you will not understand,

50 a ruthless nation with no respect for the old and no pity for the young....

51 They will eat the offspring of your livestock and the produce of your land until you are destroyed. They will leave you no grain or new wine or oil, no calves of your herds or lambs of your flocks, until they have caused you to perish....

Needless to say, the above is only 1 single curse. Having read most of the enemy's important works, and being aware of all the texts that are not even public, they have to have launched hundreds of thousands of these.

More specifically, the enemy celebrates "Passover", or a hoax about how they attack the Egyptians. In their writings, except of the physical Nation of the Egyptian peoples, "Egyptian" is also a code word for Gentiles who are into spirituality and the occult, especially those who are well instructed. Such as those in this group, for example. Here are the things they chant about people of this level of soul.

Exodus 11:4–6:

This is what the LORD says: "About midnight I will go throughout Egypt. Every firstborn son in Egypt will die, from the firstborn son of Pharaoh, who sits on the throne, to the firstborn of the slave girl, who is at her hand mill, and all the firstborn of the cattle as well. There will be loud wailing throughout Egypt – worse than there has ever been or ever will be again."

All these curses, working "together", are promoting the enemy's goal which is global domination of humanity and enslavement of humans.

The enemy, as it's known, has their spiritual war units, namely, enemy clergy, pastors, rabbis, and a lot of cattle that simply reads things without understanding a word that they say.

Gentiles have had no unit to fight for them at all. In fact, all we did have was cucks, traitors, and a few people who studied the enemy's occult and kissed their ass. Now we do have fighting unit.

If this was only about numbers, this would not matter. But the reality is, when people like us fight, they are drawing in supernal forces that are far more powerful than the enemy, and have dominated the Earth for centuries. Broadly, we call this Satanic energy. This multiplies our power compared to anyone else.

Lastly, when the Spiritual Warfare is being done, one must focus their mind to the above fact. We are Satanists, hitting them with a trillion times superior force, combined with that of our Gods.

We bring their hand down on this earth, and down on this domain. Crushing the enemy, now and forever.
