

# Rabbis Destroyed by Satan

HP Hooded Cobra 666

The enemy has a method they always do. They project what they WANT to happen, as if it has already happened, or is somehow, set to happen. This is to give those naive enough, the false conception that somehow, the jews are always in control. This is just some old, bullshit, brainwashing tactics.

The jews plainly, lie. They do not even have to believe their own lies. They simply spam them on others like a mental virus. Then, there are jews who are arrogant and learn the hard way that their racial convictions are wrong. Indeed, only the naive, the young and idiotic of their stock believe arrogantly in their 'victory'. The pious jews know better.

According to many jews Satan doesn't exist. They also claim other lies on top of this lie, such as that Satan is some sort of slave of theirs. And that all of the Goyim (his children) are jewish slaves and animals. You are clearly not a slave and animal of the jews, and clearly, you were NOT created to serve them. In the same way, "God" or the universal consciousness is not the favorite daddy of the jews, nor did such jewish daddy create all of the cattle (us) to serve the jew, nor Satan and/or the Demons are related to such story in any real way.

Obviously, all these statements are filled with lies, and the jews know it too.

The jews in their inner circle know the truth. And they know everything we say here is accurate. There are so many worthless and naive individuals who do not understand this, and I will therefore break this down to all people who are still questioning whether or not Satan is real, and whether or not the jews are engaged in warfare to kill Satan and his people.

There is one fact that all Satanists must know. The jews and the orthodox at the top, in other words, those who are REALLY jewish and the most well studied of the jewish race, they know Satan is more powerful than all of them, and also, they know Satan will inevitably destroy them. They like to just project otherwise.

There was a Rabbi in the 15th century, named Rabbi Joseph also known as Rabbi Yosef, and he's not the only one. So, this Rabbi was living in the 15th century and he was a 'renown' demonology expert, in other words, a pious 'jew' who was considered to be highest ranking of his time, aggressor and attacker of the Demons. This Rabbi has put it as his goal to kill Satan and other high-ranking

Demons, and him and his team of 5 other Rabbis attempted to do this very thing, and threaten them to "Bring Forth the Messiah" to redeem the Jewish people. Goals, you see, when the Jew smokes crack, they believe their own BS. Anyway, as the Jews know that the only reason they are always failing is Satan and the Demons, they attempted it. Nothing to lose from a slave race...

They were the most learned of the Jewish community at their time. Satan in the Jewish writings goes as Samael, and we must remember, that Satan is only a title, while Samael is just a name the Jews have given to their enemy deity.

He made it his goal to kill Satan and try to assault other high ranking Demons, to enslave them into bringing the "Messiah" into being, with a team of his closest disciples. Arrogant as he was, he started summoning all the "Top Ranking Angels" of the Jews (Above the greys behind Rafael, Uriel, and the rest of the grey crap), including those in the highest ranking of power, who hide behind the name Metatron.

They openly told him that Satan could not be defeated and that it was beyond them to do anything about it. This is the official story saying such reply was given by the angels. The Rabbi Joseph insisted and kept pressuring these angels, who highly disrespected him and spat on him like a worm (No, they actually did that, they called him a worm, a ground worm) that they should give him something so that he would try to subdue Satan and to exterminate "Amalek Once and For All".

Notice, Amalek means the White People. This Rabbi was a real cocky and 'pious' rabbi in the Jewish community of his time.

So the angels agreed with him and gave him a method to attempt to do this. And onward went Rabbi Joseph and other 5 or in other instances 10 Rabbis, and went for day long rituals and litanies to bring Satan down. These involved the 42 and 72 names of "God", and also, they had the 'whole of the angelic host' accompanying them in order to take down the Gods.

Well, normally, at first they were totally ignored.

But they kept insisting to try to "Draw Satan Down". Well, after around 21 days of consistently trying to attack Satan and Lilith, they decided to give them a message.

Long story short, Rabbi Joseph was mercilessly tortured after this point, and following, his followers and went permanently insane. According to some stories they developed the most fatal of diseases, and their souls became so destroyed

and ruined, that even their own 'angels' couldn't help them, and on top of this, they told them they cannot even exist close to them anymore as their souls have become fully sick and disgusting. Obviously, the angels used these idiots as cannon fodder here, but why should they care? They are useless slaves.

There are all sorts of speculations on if the main Rabbi was destroyed or what was done to them by Rabbinical commentators. In most relations of the story all the other rabbis died, with some dying instantly on the spot. Demons entered his followers and they destroyed them and made them shriek in shouts of mortal agony until they died like trash on the floor. Those who didn't die, went permanently insane, and Rabbi Joseph himself was made mentally insane and into a slave. This is a well-known incident in the Orthodox Jewish community and it's taught to all young rabbis who like to dabble with the occult and on the 'side of the demons'.

Not only the angels made an experiment out of all of them, and they all died or went morbidly insane to die later, but the story has remained in the mind of the Jews as a fable to heed attention to. As they were begging the angels for help, they also deserted them, as their angels admitted in the official story they were overpowered by the side of "The Samael". There are, even in the Jewish Bible, incidents where Demons and possessed individuals wipe out these abusers. There are Demons who specialize in such operations.

The Demons and our Gods are our protectors, beneficiaries and our guides as Gentiles. Because the Jews are hostile to both us and them, and the enemy knows this.

Rabbi Yosef fell on his knees and tried to ask Lilith for forgiveness. In some stories she destroyed his soul, while in some others Rabbi Yosef spent his life as a slave only to die miserably and without salvation afterwards. LaVey himself who was materially Jewish, he knew about the existence of Satan and he talked about Satan with respect. Ironically Satan pulled the greatest prank on the Jews here, he acted through their own. Secretly as far as LaVey is concerned... He bowed to Satan. Publicly, he was an atheist.

Many Jews attempt this, especially when they figure out what kind of excrement they serve, and they get the consequences of their actions in their plate, as many Rabbis understand the long racial feud against the Gods isn't going to end up positively for them. So, to many their attempts to make amends with the "Sitra Archa" or the "Evil Side" is not really something they are not familiar with. They know they are tormented by these beings and that they are stuck in a hopeless war against them.

Jews are constantly since ancient times trying to kiss the ass of Satan and the Gods in order to avoid the fate of the likes of Rabbi Yosef. Of course, this means nothing to Satan. All they ever do is defame and misrepresent him in their jewishness, but even then, this has disastrous effects sooner or later.

LaVey created by his own 'streamlining' of Satanism in the mainstream what he self-explained as 'atheistic money making scheme like a circus', the Church of Satan.

The jews arrogantly believe they can always control everything and that they always have the upper hand. They believe in the power of lies and perversion of truth, as it's a well-known belief in Judaism, there is no truth. So, they created the inheritance of a Great Being into a circus, thinking they had won. What this created down the road? The JoS and many other anti-jewish organizations. This indirectly is putting a spiritual coffin, permanently, to the species that he materially belonged, and all their creations and lies.

Enough said?

Satan will always have the last word. Satan always has the last word.
