

“Genocide is Permissible” according to insane Times of Israel Op-Ed
(UPDATED)

The agenda is the total extermination of the Palestinians in the Gaza strip. The Israeli government admits that Hamas was not responsible for the kidnapping and killing of the three Jewish teens, they used as the premise for the current slaughter on Gaza under false premise of such blaming Hamas. Because that was just a lie to act as cover for the destruction of the Palestinian state and the stealing of all its land, which is what the Jews have been doing from the start of the Jewish state.

The full plans for the maximum expansion of the Jewish state as drafted by the Jews calls for the extermination of millions of Arabs and the destruction of whole nations. They tried to expand further into Lebanon with the civil war Mossad admits it started to use an excuse to invade southern Lebanon steal its resources and annex its land into Israel. While the Lebanese where busy killing each other along religious lines. This resulted in the deaths of 120,000 people in Lebanon. This backfired on them and they where driven out, they reinvaded in 2006 to be defeated again. They have pushed outwards into Syrian land with the Golan Heights. And have funded the proxy forces working to destroy Assad to wipe the Syria nation out and replace it with weak Islamic bandit regions that can easily be taken by Israel at any time. This conflict they are behind in Syria has killed almost 200,000 people at this point and is still raging.

The Jews pulled 911 to pull America into Wars and occupations in the ME to build the Greater Israel and destroy all their rivals in the Middle East. This is why Iraq was destroyed and occupied with a death toll of several million Iraqi's and they where forcing and still trying to get a war against Iran. And tried to pull American into war in Syria. 911 was just a bigger version of what they did with the USS Liberty attack and Lavon affair.

The real 911 Truth:

Literally millions of Arabic men, women, and children have been killed along with thousands of American's in the name of the Jewish war mongering in the Middle East.

What the Jewish Talmud says about Gentiles:

Sanhedrin 59a: "Murdering Goyim is like killing a wild animal."

Abodah Zara 26b: "Even the best of the Gentiles should be killed."

Hilkkoth Akum X1: "Show no mercy to the Goyim."

“Genocide is permissible” according to insane Times of Israel Op-Ed (UPDATED)

The Times of Israel is under fire on Friday after publishing a blog post titled “When Genocide Is Permissible.” The post, written by Yochanon Gordon, was quickly removed from the Times’ website, but cached and screen-captured versions of the piece quickly proliferated on social media.

In the article, Gordon blasts the United Nations for its recent admonition against the “disproportionate” use of force by Israel in Gaza, insisting that international observers “are completely out of touch with the nature of this foe and are therefore not qualified to dictate or enforce the rules of this war.”

Because of the supposedly unique menace that Hamas presents to Israel, Gordon contends that “nothing ... can be considered disproportionate when we are fighting for our very right to live.”

He continues later on in the piece:

Hamas has stated forthrightly that it idealizes death as much as Israel celebrates life. What other way then is there to deal with an enemy of this nature other than obliterate them completely?

News anchors such as those from CNN, BBC, and Al-Jazeera have not missed an opportunity to point out the majority of innocent civilians who have lost their lives as a result of this war. But anyone who lives with rocket launchers installed or terror tunnels burrowed in or around the vicinity of their home cannot be considered an innocent civilian.

And then concludes by asking the following rhetorical question:

If political leaders and military experts determine that the only way to achieve its goal of sustaining quiet is through genocide, is it then permissible to achieve those responsible goals?

Gordon does not cite any “political leaders and military experts” who have called for the genocide of Palestinians in Gaza. However, recent weeks have seen a spate of hard-line Israel supporters in the media aggressively justifying Israel’s campaign in Gaza, which has already claimed the lives of nearly 1,500 Palestinians, many of them civilians.

Gordon, for his part, seems to be sticking to his guns. A Twitter account that appears to belong to the writer responded to critics on Friday afternoon. (Update: Gordon’s twitter account has been deactivated, and his tweets deleted.)

The page where Gordon's piece was originally published now bears a note reading: "The contents of this post have been removed for breaching The Times of Israel's editorial guidelines." The original headline has been removed entirely. According to his author page on the Times' website, Gordon has been blogging for the newspaper since April.

Update: The Times of Israel has released a formal statement about the article, calling it "damnable and ignorant" and stating that the newspaper has discontinued Gordon's blog. "We will not countenance blog posts that incite to violence or criminal acts," the statement reads.

Gordon, meanwhile, has issued an apology of his own, stating that "I never intended to call to harm any people although my words may have conveyed that message."

"I pray and hope for a quick peaceful end to the hostilities and that all people learn to coexist with each other in creating a better world for us all," the note ends.

Israeli Calls For Total Ethnic cleansing Of Gaza

Israel must attack Gaza even more mercilessly, expel the population and resettle the territory with Jews, the deputy speaker of Israel's parliament, the Knesset, has said.

Moshe Feiglin, a member of Prime Minister Benjamin Netanyahu's ruling Likud Party, makes the call in an article for the Israeli news website Arutz Sheva.

Feiglin demands that Israel launch attacks "throughout Gaza with the IDF's [Israeli army's] maximum force (and not a tiny fraction of it) with all the conventional means at its disposal."

Force Gaza population out

"After the IDF completes the 'softening' of the targets with its firepower, the IDF will conquer the entire Gaza, using all the means necessary to minimize any harm to our soldiers, with no other considerations," Feiglin writes in one of several calls for outright war crimes.

Following the reconquest, Israel's army "will thoroughly eliminate all armed enemies from Gaza. The enemy population that is innocent of wrongdoing and separated itself from the armed terrorists will be treated in accordance with international law and will be allowed to leave," Feiglin writes.

"Gaza is part of our land"

"Gaza is part of our Land and we will remain there forever," Feiglin concludes. "Subsequent to the elimination of terror from Gaza, it will become part of sovereign Israel and will be populated by Jews. This will also serve to ease the housing crisis in Israel."

Feiglin has a long history of incitement. Last week he expelled Arab members of the Knesset who dared to criticize Israel's ongoing slaughter in Gaza and called for Israel to cut off power to dialysis patients there.

As of now, ninety percent of Gaza is without electricity, journalist Mohammed Omer reports, and most Palestinians in Gaza are getting as little as two hours of electricity per day.

Death toll climbs relentlessly

More than 100 Palestinians have been killed in the last 48 hours as Israel continues its indiscriminate attacks on Palestinians throughout the occupied Gaza Strip by land, sea, and air.

By Saturday afternoon in Gaza, the thirteenth day of Israel's current bombardment and invasion of the coastal territory, 339 people, the vast majority civilians, had been killed in total and 2,500 injured.

Tens of thousands have fled their homes, primarily in the north and east of Gaza, seeking shelter from the Israeli assault in United Nations-run schools.

Genocidal demands

Feiglin's call for the destruction of the Palestinian community in Gaza has some resonance.

Just a day before Feiglin's article, Rabbi Ben Packer made a similar demand, calling the current assault "an opportunity for Israel to achieve a victory – to move the border" by conquering northern Gaza.

Packer is the director of "Heritage House," a settlement in occupied East Jerusalem that houses so-called "lone soldiers," men recruited from overseas to join the Israeli occupation forces.

Israel's former settlers in Gaza, evacuated in 2005, would be given the first opportunity to "settle in the regained territory," Packer said.

Packer, a settler from the United States and volunteer in the Israeli army, previously served as the "Rabbi on Campus" at the University of North Carolina and Duke University.

Calls like Feiglin's and Packer's for genocidal-scale violence against Palestinians are being heard with ever more frequency from Israeli leaders.

A call for genocide of the Palestinians by Ayelet Shaked, a rising star in Israel's Habeyit Hayehudi (Jewish Home) party, part of the government, received global notoriety after The Electronic Intifada translated and exposed it earlier this month.
