

# Attacks on Asian Americans in the United States - And the Chinese Communist Party?

Recently I was reading about this topic online.

Please, do distribute this message to any and all Patriotic Americans and those who care about this country, in the case they want to make a thought or two about what is going on.

First of all the information says that at least "half" of the racist attacks actually happened in New York City. This appears to be a trend in Canada also.

The attacks seem to have a real element in them, but also, one would strongly suspect, there may be Communist involvement from Communist China. How, one may ask? Well because they want to cause civil war in the United States. Jews also as we know here, have the same interest. It was Soros who funded the BLM that turned bloody.

As everyone knows, New York city is also called "the second Israel" and is filled with jews with millions of jews living there. Jews are notorious for having a very hateful disposition towards all Gentiles, and it seems their hatred is now taking down Asian Americans also. Some of these cases may be casual crimes, or just some jews losing their temper.

From looking at these videos, some videos were strange such as ones where "New Yorkers" had flipped out on Asians. But this looks like it's part of a more generalized enemy propaganda. Maybe some jews filled, they are too hateful, and one would expect that.

One news article mentioned that the victim of one of these attacks was a 84 year old man, who was thrown down by some idiotic rascal kid, out of nowhere, in the street. This appears to be truly a hate crime.

But then following the news, they certainly can never be taken at face value.

It would also be very easy, out of all places, to start a race war meme part two, from New York city than anywhere else. Then, there is another thing that is being played on the news reports. The enemy wants that.

That aside, we also have another factor. The Chinese Communist Party. They are clearly trying to cause inner strife in the United States. And as it appears, their interests coincide perfectly with those of the Media Jews of course. I'll show you below how these Jews and Communists are conspiring to con, not only the United States, but also do create the situation for innocents to always pay the price.

Beneath is one of these videos I saw, which is the "Racist Video".

### **Asian Americans told to 'go back to China' in racist rant in NYC**

Now, they say this woman is "the daughter of New York Senator Daniel Moynihan". If she is or isn't I don't know, but as I googled to see if she was a Jew [which she appears to not be on a quick Google search], I found something else. They brand this as a "hate attack" by kosher reporting, but bear on. Nobody knows of course what happened prior. And none of it makes sense until some further research is made. I think nobody in the internet must have written about this.

I then looked further, and this woman, Maura Moynihan, actually is one of the major critics of Chinese Communist Party policy of taking control of the water supply for all of Asia. She mentions, that if the Communists in China are not stopped, this may cause the death of **3 billion** people in Asia. She has mind boggling knowledge and care about the Asiatic continent, so I have all reasons to doubt she is a "Racist hater" while she is trying to help Asia for over 20 years.

If anything, this looks to be the exact reverse.

She has done elaborate research on this and her statements appear to have facts in them. What she is saying is trying to educate the Americans and the American Government [which with Biden wouldn't give a shit] to put a halt to Chinese Communist operations of purposefully depriving the water supply to Tibet and the lower geographic region in China. This also involves India as well. You can see her interview here:

**Part of her Interview:** [You can skip, but this goes to show, that the Jewish press is purposefully misdirecting the United States and is in collaboration with Communist China. Now, all the shit we hear in the news is to wear masks, lies, and even positive comments about Communism].

*Much to my disappointment because in the 1980s and 1990s and into the 2000s, I was published frequently in the Washington Post. These are all from there: "In occupied Tibet," "What China fears," "What about Tibet?" Also the Washington Times used to publish me very often. But sometime in the 2000s, that all stopped, seemingly overnight. There was a change in upper management at the Washington Post and in the editorial staff, and all of my articles were rejected, every single one.*

*I kept trying for a long time and then I just gave up. It got to the point where the only two publications in the world that would publish my work were the Asian Age out of Delhi with thanks to Kaushik Mitter, my wonderful editor of 20 years, and the Epoch Times. And Stephen Gregory thankfully is an excellent editor at Epoch Times. He published a lot of my Tibet work, this is from 2012, 2013, and 2014.*

*Those are the only two places that will allow a person to express their opinions and to give factual information about what the CCP is doing to the resources and the people of Tibet. And it's very sad. There's seemingly a whole news blackout about Tibet in the last decade. You know, you never hear about Tibet anymore. Tibet disappeared from the news.*

*There are no Tibet programs anymore at universities, and just try to organize a Tibet conference at Harvard, Princeton, Yale, or Columbia. You will be shut down so fast. We tried to have a little one last fall at Columbia in November, and it was shut down two hours before it was supposed to begin under orders from the Chinese Consulate. That's what we were told, "The Chinese Consulate doesn't want you to have this."*

This therefore becomes clear on many levels. On one level, domestic jews are using these to create hatred race baiting and attempt to create BLM with Asians, harming US Asians. Biden's weak presidency, does allow the Chinese also to run spies in the United States, unimpeded, to slander people that want to stop the emergence of Communist China and sabotage them. Biden is fine with this, it is almost as if he is letting it happen. People who are against this on a political level, are being set up by both for political suicide, such as this woman Maura.

Jews, as usual are at benefit, and also, Communist Chinese Party. They will work

together with the spies, as they have always done in history against all Nation States that ever took them in, and sabotage them. The link and conspiracy here should be clear. For their own benefits, they promote the same agenda. As written before in another topic, the foundations of that party were actually Jews, all the way back to Mao.

Americans on all levels, lose. Meanwhile Americans are put to fight among themselves, and a weak presidency, not only doesn't stop the fighting, but also coddles and promotes it to continue indefinitely, because it's in need of racial tensions and displays of hate [unless it's against the Jews of course] for it's weak ass rhetoric.

Jews further use this situation for their own ends. First, it was the Media Jews who attacked the Chinese for creating the "Co-Vid" virus, creating hate. Now, they do the usual kosher and lying reporting to promote the literal interests of Communist China, and further their Jewish Agenda, on a Presidency that is weak and doesn't stop it. They want to cause social implosion.

If the so called "attackers", which can be tens upon tens, do not fit the "White Supremacist" category, they don't show racial profiling. Such as for example for petty theft, or Blacks, or anything of the sort. But the moment they can get a "White", and possibly even a Jew parading as a White, the siren begins.

Additionally, it would be a good idea for the President of the United States to not have nefarious affiliations with the Communist Chinese Party and the Jewish press to stop agitating indiscriminately the Western World against Asian people, just because a specific segment of Chinese Communists has enslaved all of China.

The above is a matter of reality and justice. Regardless, because Biden kissed Chinese ass before, now the Jewish Press in order to "Cover for him" will just keep blasting China with attacks, but always with the race baiting element into it. This takes down the reputation of many Asian people in the process.

This is the same method they do with the "Nazis". Every White person is a "Nazi", and of course, the jewish version of what a "Nazi" is supposed to mean. Then random people get the brunt of the hate.

This, added to the fact that this administration seems to try to form an agenda of "Let's stop racial tensions" while they are in fact facilitating them. This doesn't show much promise for the future. Everything is blame shifted elsewhere, because the press never takes responsibility, no matter what things they say and how damaging they may be.

It is just insane to see the press of a Nation literally try to drag it down the route of civil war. But nothing should be surprising because at this point, these serve the intricate interests of Israel and not the people of any Nation.

As Whites were in their psychological warfare target for decades now, it appears Asians may be next. They will try to build a case against Asians, one would assume, based on Co-Vid, or Communist China. For which people are not really responsible at, at all.

Sort of how they say their hoax version of "Nazis", and how this means that all Whites need to be abolished of the face of the earth. The extent to where they will go with Asians, is currently unknown.

The psychological warfare of hollywood and jews also has Asians on the penalty to "prove their masculinity" all the time, which forces Asians to want to be with White women or cross the border away from their families, just because of this hebrew psychological warfare. They are also besieged to drop all the cultural affairs that make them thriving.

The same thing in inverse was done to White males, which are practically also pushed towards Asian women. The situation was supposed from the beginning to be confusing for everyone involved.

Now Asians are pulled on a show like Black people were with BLM, simply because the enemy needs an agenda right now. My best guess is that soon they will try to steer this against Whites, or the Communist Chinese Party will somehow start an agenda and try to use Asian people as proxy to promote strange things in the United States.

Because this coincides with the interests of the "Biden" administration, the nefarious Communist party influence may actually increase, at the expense of United States Asian citizens, and the United States of America as is. News will then ramp up their usual hate rhetoric, which will confuse things more, at the expense of a lot of innocent and decent people.

If the hebrew News cared about anyone else and their well-being, they can start from basic things, such as not calling all Gentiles "Goyim" which is the hebrew word for cattle.

Lastly, I also recently briefly watched a presentation with America First people. Which are typically considered "White Supremacists" by the Media. Of course, on

their panels there were Asian people and they are being there politically active to reclaim America.

The irony here is, that supposed "White Supremacists" and "Undisciplined Asians" are in alliance to save the United States, from what appears to be the same cause of discord, hate, and actual race war tier discrimination, that is fermented consistently by the lame-stream media, professional race baiting garbage promotion, all of whom we know (((who))) owns.

Unfortunately, as it looks like, we'll never really rest as a society, until these lame brainwashing jews, who recklessly use all of the means at their disposal to enforce Talmudic hate, are put into place.

Their outwards manifestation of Talmudic, ie, Communist ideology, also poses a universal threat for the West, but as one can see, billions of other people in the world from Tibet to India.

The darkness of the enemy has to be fought once again, history seems to show...
