If Xianity and the jewish programs have proved anything, they have proved to us that with the fall of humanity comes the transformation of human into an actual 'borg' or 'robot'. The enemy literally has let us know they intend to make this into a literal, hardware reality, where humanity is turned into an actual cyborg.

In the same way an empty vacant space without a soul, a computer, can be filled with software that makes it work in a particular way, Gentiles who are weak and give themselves in to 'unawareness' (The Grave 'Sin' Of the Pagan religions) then they can be programmed like Robots by the jews. This is done by indoctrination and repetition of biblical passages, biblical 'laws' secluded in movies or elsewhere, predictive programming etc.

This then saturates the brain and mind of a human being, which as we know by science creates even their neural pathways to fire off the neurons in a different

way. The man BECOMES the hoax that they follow. Pasty smile, bible spewing, shabbos enslaved being.

At first, this started with the subliminal book of the bible, all-day on-end biblical indoctrination, complete lack of knowledge of the victims (Gentiles who lost their cultural roots), outright violence, applied hypnotism, outright force, astral brainwashing- every tool within existence.

Now it has become subtler, and thanks to the Gods, this trend is slowly dying and humans can slowly get past this. The jews however spew out their ancient communism in different ways now.

Thankfully this kind of jewish spawn, the jew-bot, is being reduced to almost non-existence nowadays. You can see this rare species of creeps here and there, but the people have come to hate them for being so obviously jewish servants and slaves. It is evident they damage humanity and all people know it. This is why even Atheists sort of like attempt to combat these idiots, because of the innate need of humanity who is still sane to want to banish the un-sane and those who threaten life so obviously.

Through demokrazy, the retarded can control everything by what is called a 'vote'. Now, this has moved to where elections don't even happen and are here for cosmetic reasons. Instead of the most intelligent and capable being at the top, we have a synergy of shabbos and jewish masters. As thus civilization was slowly sinking until we took an active spiritual stand to change this. These people are not really just nuts, they are dangerous nuts. Animalistic actions and abuse mainly comes from the 'chosen jew-bots' of the chosen Tribe of Pedos.

Just look at the average Muslim and you know what I am talking about. What the actual damn is going down in the Middle East? Why are people so retarded as to cut the hands of other people for stealing an apple? Or stoning women in villages just because they had sex with someone they loved before the jewish 'Imam' gave permission to? These guys are not Hindus or any other Gentile tradition that has been watered down, because Even though watered down, these cannot compete with the jewish excrement of death. These people may be weak, but they are not at a point of infection that we can call "Grave Dangerous". The thing that remains is that people make the final, jewish connection to this problem, and wipe that filth away once and for all.

I know all of you have met a lot of these extreme cases. Most of you have also had the misfortune to be fathered by them, or have them closeby to you. As you know, they are like an obnoxious sickly type of lifeform, full of neurotic episodes, dangerous, and don't really care about anything. The good in a person is consumed by the bad, and given the evil life they lead, that of a slave, the remaining part of their 'good' is being slowly eaten under the rest of the virus programming.

These are the judges that allow rape to happen, the Shabbos Goy slave politicians that have given the nations to the jews, down to the most average and most retarded gentile who is a jew-bot and abuses his own family with no particular reason whatsoever. The problem is everywhere. These are the people who are in a conspiracy with the jews, knowingly or not.

For all I have to tell you, DO-NOT-WASTE-YOUR-TIME-AND-SAFETY- on these deplorable creatures in trying to turn them around. Some people who are very intelligent but are just victims of this, they can change with few hints on your behalf and nothing more. Gentiles, especially those who are literate and, in the West, are NOT stupid, but they are turned to stupid. There are however others...Who have crossed the line into being full-blown creeps. Pedophiles, senseless murderers and anything else falls into this category as well, that of the Jew-Bot. The jews allow Rape in the jewish Quran, the fools do it.

These people are the exact proof of why some people are NOT worthy to be saved, or tended to, by Satan or you. They are a saturated virus that does nothing but work as jewish cattle in bringing on the "Empire of (((God)))" by constantly acting in behalf of their programming. They bring harm and misery to this planet. They are actual fools to the point they 'believe' that the Earth will end because some jew said so - (but of course they work for it in order to make it a reality themselves because the all-powerful hebrew cannot do it alone). Maybe since the jews said in the bible, the earth is also flat.

You can see this in Christards, and of course, Mudslimes. Their 'brain-program' is nothing but the bible or some other jew-book, jew-movie, jew-whatever. You refute the bible, they reply with another quote from the jew-book. Their world cannot exist without the rules and the rulership of the jew. They are cowards who even if they know the truth, they stay in bed with jewsus akin to an afraid sissy that can't leave their current mate in order to find their better mate. They will stay there for a whole life, and then go crawling to blame someone else or 'god'.

You argue with something really logical and simple, that this is a jewish book created by jews to turn them into what they have been turned, they reply to you with more bible. In extreme cases, the mind is completely gone off the individual, who is later on nothing than a nuisance. They will hold on to programmed lies as a literal borg that has complete inability to return back and evaluate their programming.

Also, for those in the NS world, do ***NOT*** tolerate this cancer. Close it within confines, and treat it as the virus it is. Heathens ***MUST*** obliterate this virus, forcefully or indirectly. The virus is deep, and controls people subconsciously. The Jew-bots are the first of that will act to betray their race, cucki-fied by the

values of the jews, are the first to accept bribery and betray, since they are most prone to the materialistic mindset that the jews indirectly push on them by pushing incessantly fake 'spirituality' to them.

These jew-bots are pretending to be "Hitler Awakened" now. They existed in this scene for hundreds of years. The christians were those who should 'face' the jews time and time again, and always and forever failed, because they are slaves in the mind. The National Socialists almost obliterated this cancer of the jew-bot, and turned humans into real, living and happy humans again. The jew-bots of course have a natural firewall like any other computer, and they attempted to attack Hitler and the National Socialists with this. They will spare no race, and no ideal is higher than the jew in the mind of the jew-Bot.

The Jew-Bot is so retarded as to be controlled by brother Nathanael, Alex Jones, and every other instigator and idiotic jew-idol the jew puts in front of them. We, the real Satanic people who are free of this excrement, we come at the scene and we are dealing with the jewish spiritual issue as it should be dealt. Throughout fatal blows the jewish goblinoid empire is spiritually collapsing completely. What are the jew-bots going to do? Pray to Rabbi Jewesus to absolve them?

The Satanic Providence has now blessed us that most of our NS people are heathens, awakened Satanists, or at least, tentative to this beautiful and NATURAL direction of our Pagan people. This means a blessing to us, as only without this cancer we can win the enemy. All the quality National Socialist people knew this. This cancer jew-hoaxes is filled with predictive programming, programming to lose, spare your enemy, love your rapists, allow intermarriage so that you will go extinct, living like a literal "Goy" under the jews with few to nothing to wish, have or aspire about, the list goes endless. It produces a slave and not the material of humanity that will set us free and usher the Wisdom of existence.

The recipe for destroying the army of jew-bots and their creator is fairly simple. Align yourself with Truth, never allow your consciousness to drop into that of a stupid person, learn from your mistakes, help and debate others, work to wake them up, and above all, build yourself up as a beacon of light that these retarded lifeforms will not be able to subvert and defeat.

Satanism, or Satyan-ism (Truth-ism) is just the banishing of the Ignorance and the replacing of it with spiritual enlightenment. In the soul-literal, intellectual and every other sphere, enlightenment defeats the jewbots and its masters of deceit.

Do not buy another book from Rabbi Shekelstein. Buy your free ticket towards

enlightenment, and one for the movie "The Last of the Jew-Bots". It's going to be an enjoyable and high quality civilized movie for all humanity.
