

Coronavirus Information Megathread [Ease of Access] - Updated April 2nd 2020

HP Hooded Cobra 666
[February 02, 2020](#)

In this post, so that not everything is crowded, and because meaningful replies and extremely valuable posts have been lost in the volume, I will include and organize posts so that everyone can read this all at once.

What is important is that now, with all these posts, our people are informed not only in case of a specific viral outbreak, but also have knowledge in regards to personal preparation, for any event. Few if any conversations have existed before on that and it was necessary to have access to such knowledge and information.

Please do inform on any relevant topics that we can add here for further reference. These can be news articles, videos, or other information such as replies or advice given that was missed.

Feel free to distribute this everywhere you can as a means of Internet Warfare as well.

People have to become informed on the Jewish Globalism and the ramifications this has financially, in the health and well-being of humanity, and how this is a major worldwide problem that was intended to bring many countries to their knees.
