

# Magick, Satan is God, the Mages of the Aryan Race

HP Hooded Cobra 666

Greetings to all our Comrades and Satanic family.

Well, I will try to be as brief as possible in this post. All the dedicated people of Satan, have more or less experienced and felt Him, directly or in other blatant signs. Many of you here have also met with Father or have been approached by His Demons. This should make everyone aware to this evident fact: Satan is not in anyway "evil", or about "death" and "suffering". Satan is the exact opposite. Satan only stands about Justice, not the suffering of any being without consideration, death, misery and senseless destruction.

Many people who are stupid enough to let the jews do their thinking for them, they trust and cite what has been written by the jews about Satan. All the information on the being named Satan, put forth by the jews, is the most perverted, disgusting and evil scorning a being has ever received. When one studies history, the reasons behind such get glaringly obvious. Satan is an enemy of the jewish Race. Satan is, as everyone knows, associated with the Goat, the Serpent, the Peacock, the spiritual and physical finer things in life and existence, one making it to "God" status, Rebellion, and many other values which the enemy obviously despises.

The term for Magick in Egypt (Where Pharaohs were blonde and blue eyed beings, or redheads) is the Egyptian word "HEKA" or "HEKAU", which actually means Magick. The Egyptian "HEKA", is tied in to the Gods that the Egyptians openly stating they have given them the Divine Knowledge to them. Same as other all over the globe, who put it out by themselves that the "Race of the Gods" gave them their culture, descending from the heavens. And even wrote about this openly in inscriptions and anywhere else. Even stating they came to planet Earth, in person. Now, there are things which prove the history of the Aryan Race. Witches in Germany, were called "HEKE" and "HEKE" were sentenced to death in the witch trials, by passing from a judgment line of kikes, who checked them for birthmarks, overly striking characteristics and other bizarre tests, to obviously evaluate if they were "mages". Or even if they were too beautiful, they were killed, and this HEKE survived down as in HEIKE, which means happy, cheerful and beautiful in German. All of which are results of a heightened state of existence, sane genetics or spiritual advancement and the list goes. HEKE were

the mages, and this is all evident. But let's look at it deeper.

This also ties into the Greek prototype of the Gods, where all incarnations of Beauty, or the "Kalos Agathos" concept existed, which had to do with the Gods such as Dionysus, who was named "Agathos Daimon". "Kalos" simply means beautiful. Now, beautiful is a tricky word, because it doesn't just mean beautiful in appearance, but actually, of higher essence. The focus of the internal mysteries in Ancient Greece, was for one to become "Eu-daimon" and "Kalos Kagathos", which means, to be happy, "Ev" meaning positive and happy, with the Demons, or get the friendship of the Demons and Gods, by initiating himself to rise above the state of decay into the state of evolution. Or Kalos (Beautiful) and Agathos (which means in alignment with the highest good in the universe, the highest level of existence). The term "Goetia" comes from the Greek "Goetis/Gois" which actually means he of magickal beauty/he who associates with the Demons/The Magician, or "Γοης", which actually sounds exactly as the jewish word "Goys" or "Goyim" of the jews, which in the jewish language means the exact reverse: Nonspiritual and unaware animal.

This includes all Gentiles, more so than anyone, the practitioners of Magick and Spirituality. Or outright, the sons of the Gods.

Satan is the father of all "magick" and the father of all the occult. The list goes. He also in rabbinical literature, is blatantly said to have created Humanity.

I want you to keep this "Reversal" in your mind, because this is what the jews do to us. As their Rabbis state, they are by nature, CONTRARY to us. They are technically turning the order of life upside down, reverse all that is good to us, as bad to us. What is white to us, is black to them, and vice versa. The enemy admits it too on their own. What is good for us, is evil for them. And the distinction over what is what and for whom, is RACIAL. Nothing else.

***Rabbi Sneering Schneerson: Two contrary types of soul exist, a non-Jewish soul comes from three satanic spheres, while the Jewish soul stems from holiness.***

Note: Contrary.

While obviously, "JHVH" created the jews. The Anti-Goetes, the Anti-Magicians, the Anti Aryans, the Antithesis to Satan and the Gods etc. The removal of spiritual powers of the people was just a disarming of the Gentiles by the jews and their "god" and nefarious company. Nothing else.

To see the history of the Jew brings forth the evident. The Jews were actually beggars and slime in the Ancient, Pagan civilization, because the people back then being Spiritually, Racially and Culturally aware, did not want or accept them. They were in fact even considered alien, which is the Truth about them. At least, in the more Ancient times, they were hated to no end. This has survived in all the Rabbinical literature, the Torah and the Bible, all of which show these points. The Jews were expelled and driven out of Gentile nations and states hundreds of times in RECORDED, RECENT history. I emphasize, recorded History. This starts from what we have left, no more years than a few thousands. The Egyptians stated that "recording" information that was given to them by the Gods, only started when the befalling of their culture had started taking place.

The measurements on the Pyramids in Squarra and in other Pyramids, show these monuments to be more than 20,000 years old. Elder than the "Torah" or any other garbage of the enemy could ever wish to be. Also, even in the linear timeline we have, this is evident by itself. So "god" according to the kikes, being an all-powerful spook and all, just waited a few thousand years until he could "set people straight" and enforce them by the threat of eternal hellfire, to obey him, because he loves them, or something. And before this, screw the evidence, because the kikes are so obviously revealed that any sane person would want them to go extinct if they knew the Truth. History has been perverted and rewritten severely as such. The Egyptians talked openly about how decay and destruction comes from not applying the knowledge of the Gods, which after all, has been given to the Egyptians and all other Aryans and Gentiles in Ancient times. In the Pyramid texts. Uprising, healing and elevation do happen when one is aware of such things and applies by the laws of Nature. But to not drag this further, one can see why the Jews hate so much the Demons (Pagan Gods who entered in Jewish grimoires as figures of hatred, depravity and "evil"). The Jew made what is evil seem good, and what is good to seem evil.

The same race that cannibalizes other people in their celebrations and is responsible for major world wars, famines, destructions and the downfall of all Ancient Civilizations, the same race has introduced "God", "Allah" and all these other ripoffs to Humanity. But nothing could be further from the Truth, and evidence still exists that the Gods of the Pagan people weren't evil or anything to begin with. The surviving texts of lamvlichus, or the writings of Pythagoreans and Ancient Philosophers, contain bits of information that put things in order in the eyes of a person who knows the Gods firsthand,. Things start to make sense.

When one has the spiritual knowledge, they can understand everything, and

Satan and the Gods do help in this. Satan has nothing to hide and everything when people are collectively ready, goes into the common sight. Now, the enemy rants and raves about how they are "God". "God", even today, isn't understood as a concept. "God" is nothing more than a sea of consciousness, or the Atmic level of existence, or in other words, just an energy. The creative, destructive energy of the universe, is as thus "God". The jews mention themselves to be "Gods", to make themselves seem as the same status with this energy. But there is nothing so great about this energy all in itself. This is basically where things begin to be set in motion. There is no "within" or "outside" of creation, neither a beginning nor an end, linear speaking. There is only the "Eternal now", as all occult disciplines teach.

"God" as thus is placed on the top of the "hierarchy" in the enemy grimoires and shit. But its not "JHVH" or anything else. "God" is an energy and a concept, for the being that through meditation has arose to a level of existence where they can make conscious use of this energy to destroy and create as they will. Satan, even in the enemy's lies, is mentioned outright to have been the "Greatest" and "Strongest" "Angel of God". This is obviously a lie, but in seeing the above, it's obvious what this means. The being behind the alias of Satan, who has went by many aliases in all Ancient religions, was the strongest being in our recorded history.

He is known to have also created Humanity. When one raises their Serpent and they become a "God", they become "One" with "God", which is this very energy that creates and destroys. Then one can create and destroy as they see fit and their power allows. This energy is nothing but pure potentiality. It doesn't "reason" in any linear and human way, it's everywhere, and everyone can tap into it and be "God".

As I have stated in another post, SATANAS and SATAN mean high and exalted spiritual things, in many Ancient Languages. SA means life breath in Egyptian. SATANAS is a mantra to raise the power in the East and the list goes. In most Ancient languages, one can find the building blocks about the Divine meaning of this Name of Satan. There is no more exalted name spiritually. The enemy is at war with Satan, but they just cannot win. This is why they whine about it all day.

The highest beings who are adepts in the use of this force, are called Gods/Demons. The enemy also corrupted this in their fairy tales. Actually, beings come out of pure potentiality, but, evolution begins when this potentiality is connected with a being, advancing the blueprint of this being. As thus, Man is God and God is Man. This is a stolen and perverted allegory. "Gods" are the

beings highly evolved in this force. Also, "Demons" are "higher" than "god" which is just a pure energy of potentiality. This is why Satan mentioned, even in the enemy book, that Humanity is to be made Gods. And why "God" couldn't prevent this from happening. There is no "god" in the bible, just the collective of the jewish mind, put in a story of stolen contexts and legends.

The enemy INVERTED this concept, and as they were in the BOTTOM of creation themselves, they tried to raise this bottom to the top. This is why they have this fetish of monotheism, while in fact, the only place where all things are equal are in a state of non existence. This is basically, an attack against all life. Communism is based upon this very same concept. The heaven of the jews is where nothing else exists but them.

This energy of potential of creation and destruction is not the pinnacle of creation or existence, OBVIOUSLY. It's just an essence. Obviously, who reigns ABOVE this essence, is the being or beings with the highest hierarchy over this force and any other force. Satan and the Demons/Gods, the Goetic Demons, who ended up as beasts in the grimoires of the enemy, no different than how for instance Aryans are talked so negatively about nowadays. This is why in the texts of the mage lamvlichus, an Aryan from Syria, it's openly stated that Demons/Gods are above all other beings, and that they are the only able beings to make things happen in reality. While others just pray to "god" and they just either talk to a mindless energy, or they pray to rabbi jewsus who they believe is supposedly "god". So nothing ever really happens. But on the other hand, even the enemy admits, that Satan and the Gods are always here to listen. Obviously in a state of high advancement in the force of the cosmos, one becomes like a "god" to any other human being, or other beings, as this is the hierarchy of life.

For instance the whole book of psalms, is actually the Sayings of Imhotep, stolen and perverted into a new manuscript so the jews can curse people with this. So, the jews, do become "God" since nobody else can do this thing. The jews equalized themselves with "Atman" or this "force" which is supposedly "above" everyone, only for reasons of terror and occult reasons. They are obviously not "God". "God" as in an energy with an essence, is actually just an energy. It's not worth any more attention. This is why the Ancients were polytheists and not monotheists. And not some other garbage reason. Because Demons/Gods were the advanced creatures of this force, united with this force and advancing with this force. Not some sort of non-existent level of existence or death, like the jew preaches, neither some bearded kike on the sky which smites whole Races to extinction.

Also, "God" ties into the forefathers of one's Racial collective. This goes back in the genetic chain all the way to Satan and the Demons, who came to the Earth and populated and created Humanity. And the amassment of our collective consciousness, Racial and whatnot. This is why the enemy states it openly; They do NOT have the same Gods as the Goyim animals. They are from ANOTHER "God". "God" is a chameleon word in the texts of the enemy for the reason they know the inner meanings can only be understood with real occult knowledge. This is why also the Rabbis and all the studied enemy beings do not believe in "God" at all, and why they laugh at the fables and crap of Jesus, don't believe in this thing, but of course promote it and pamper it into the heads of the masses all the time. Because they made these things up.

So the rest is just stories from the "goyim" who just praise "God" while thinking of the Jews, while it's just their own mind, their own energy, or their own existence doing its way towards the Jewish goals and aspirations, while going against their own race, consciousness, understanding and against the whole of Humanity. Since the reason "god" of the Jews does exist, is to bring this world under a permanent Jewish world dictatorship. But little do they know, little do they understand, and much they listen to the Jew. So they are obviously enslaved. It's self-evident in itself that when people get pissed off, they blame "God" or outright blaspheme the Jewish idols. Their mind knows that this is the reason that they have been cut off from "God", which ties into its meaning both our Gods, our energy of high understanding and happiness and the source to elevating existence. The Jew is not "god", but is anti-god. Because Satan is "god".

***Isaiah 14:14,15:***

***"But you said in your heart, 'I will ascend to heaven; I will raise my throne above the stars of God, And I will sit on the mount of assembly In the recesses of the north. 'I will ascend above the heights of the clouds; I will make myself like the Most High.'"***

Now here not only a curse against "Lucifer"/"Satan" (or the bringer of light) is shown, but another curse for the people who seek to elevate themselves, like Satan, or in accurate words, as his human descendants (mages, Satanists, you name it), "above" the "heavens" or the "Will of the most high", which is actually the will of "god", which is what we have explained already. Satan is above "God" already. But the rip-off here is evident as the kikes want to equalize themselves to "god" or the power of existence, under which everyone else is supposed to be inferior.

This is why the enemy cries all the time that the "Serpent" tempted Eve and Adam (Adam is from the Sumerian Adimu, the first man) and showed them the ways to become "greater" than "god". But obviously failed as Satan did what he wanted anyway. The fact that "humanity existed in the garden of Eden", is actually the planet Earth. Satan intervenes and creates a new species, and he gives the Serpent to Humanity, making them aware beings and advancing Humanity forward. This manifests in reality as a sudden jump in advancement, history and everything else. "JHVH" (the Jewish god) appears in this story incapable of stopping this enlightenment of Humanity, but nevertheless proceeds to "Curse" the Serpent, Adam and Eve later.

Also, "God" is a tricky word in the enemy texts. For instance, "God" is also named "Elohim", which is stolen from the Babylonian "EL", meaning light. So "god" is just light, or the energy of light. Satan was the most powerful "Ang-EL" of God, but was later attacked, same as the Demons who were assisting Humanity to advance. Angel simply has within it the notion of light, and light spiritually is power, but Angel simply means messenger and nothing more.

This is metaphorical of the Jews attacking Gentile people and trying to enslave them in a low spiritual level, depriving their soul from light. This manifests in the curses in the Torah, against Satan, who wanted to go against the "most high", and banishing the Serpent, locking people away from the Tree of Life (Immortality) and everything else that these filthy enemy Jewish curses testify to, towards us and our Gods. Basically, all of our existence. This war extends as we have stated, far deeper and all these are merely small allegories, but enough to see the Truth.

What "God" is as in omnipotent and such, is because, "god" is just an energy, like the Aether, which encompasses the whole of creation. Not a crazy bitch that is busy smiting people to death. It's just an energy or potentiality, like the Atmic level of existence. The Jews try to force in the minds of people that they are actually on the highest height of existence, equal to that of Atman or the "Primordial Waters of Creation" of the Egyptians. But these don't mean a thing. The "fashioner" of such is "god". No different than how a stone doesn't mean anything, but a monument does, this is the analogy here. "God" as an energy is just a primal force. The refinement of this force, makes one a "God", same as using it. All knowing and the list goes. So they try to make the people materialize this thing for them, so they can pull off another global USSR. They are obviously NOT "god" in anyway. Not some Jew rabbi named "Emmanuel".

When a being is not conscious, the "god" or the energy that defines things, just runs around, no different than an animal, only that animals are actually conscious and aware. Like a stone which is simply seated there all the time, until some force comes to move it. This is why the texts of the Sumerians and Egyptians mention with great reverence, that the Creator of Humanity blew life into their nostrils (meaning the human beings). The enemy calls Goyim the Gentiles, which means Animals, for the reason that most people are unaware of themselves and their forces, so they are just moving around by the control of something else. When one doesn't have spiritual insight and they do not meditate, they are trapped without a chance to escape under these forces. They can be used and subjected by anyone, as they hardly think or are aware of their own existence. Awareness is the Wadjet eye of Osiris, the Ascended being, which makes one "wake up from the dead" and actually start existing. This is also the metaphysical rebirth. This is like Karma, where one is trapped unless they know how to escape it and guide their own life.

The Gods/Demons are higher than "God" in all senses of imagination. This is again obvious as to why the Ancients didn't bother glorifying any "element", but actually the Gods as combinations of all the forces of creation, of which "God" (creative/destructive principle) is just a part of them. They actually looked HIGHER than this. This also shows why the jews try to force to people that they must "return to god" or they preach death and destruction, or equality. In non-existence or death, there is equality, because well, nothing exists. This is the lowest and the most primal state of life, and it's worth nothing in itself. This is like stating a human being has to return to its womb, while obviously, finalization and evolution comes from existing outside the womb. The womb is actually just a push of creative energy, of life. And life can only begin by other life.

To approach this matter, one has to escape this linear thinking of that "things are created" by someone. This is not the case, and it doesn't have to be the case of some "individual" who is a creator. It just "happens". And to ask "Why" is stupid and taught by the jews, to back up the marketing of their product which is the product of a program to enslave spiritually and physically the whole of Humanity. Its actually a question to make the people who seek any Truth go insane, and within the context of the product the enemy wants to sell. This Truth is not existing to be conceived by word or merely from asking a psychotic child raping rabbi, or opening a book of genocide. The understanding of this question is an innate understanding that gets revealed by meditation. This is the "return to god" or "heaven" that the enemy has also perverted and stolen.

There are also some people who are idiots and claim things, like this knowledge was hidden or something in the Ancient times. While you look all around Egypt and there are inscriptions of meditations, all over the place. The occult knowledge was for the most part open to the public, same as the means of initiation for all the willing Souls. The Egyptians state it openly that this was the culture of the Gods. Sumeria and Egypt had reached the highest living standards of their time and one doesn't need to read jewish history to see this. And in complete unity with nature.

So the jew just out of pure existential hatred and because they are an alien being, they simply malformed all this, attacked Satan's legacy with the same unrelenting hatred they wanted to destroy their enemies and their cultures. So the next time anyone tells you about "God", you know who "God" is. Satan is God. Because simply he is the most advanced being in the Spiritual arts. Now the next time an idiot mentions anything about "God", know you are worshipping the highest God already and have the most wonderful Gods in your side to advance in this eternal journey of life.

HAIL SATAN, FOR SATAN IS GOD!!!
