

# Satanists, We Must ATTACK!

HP Hooded Cobra 666

June 28, 2015

Satanists and Satanic Forces.

Many of you are aware that the jews are pushing things to a breaking point. The "Isis" which is under their rule, the immigration policies that destroy both the immigrants and the countries they go, the situation on the Greek economic Collapse and everything else- they are pushing things to a breaking point. This shows the enemy is very, very afraid. They never and will never give a fuck about human life. Tons of billions of Gentile blood has been shed over these centuries, only because the kikes have guided us towards this. They never changed or moved an inch from the commands of their "masters". Which we all here know who they are. We know and we are waging a spiritual war to undo them. By spiritual means, we will exact Satanic justice.

All of you are aware on the Greek situation. They are making this country drown. The leftist communist rule and also, the global capitalists (both jews) are forcing matters like they never did before. This shows FEAR and CHAOS on their behalf. Nobody quite knows how this will turn. But we do... This shows we are being victorious and the enemy is being pushed back. Now, we must attack. WE MUST ATTACK THEM AT THIS CERTAIN POINT, SPIRITUALLY RUTHLESSLY- THIS MIGHT TURN THE TABLES TO OUR ADVANTAGE.

We will NOT sit by and watch the kikes torture people yet again, play both sides against the middle, whilst attempting to destroy everyone. WE WILL ATTACK SPIRITUALLY AND WE WILL BE BRUTAL AS WE EVER WERE.

This is how to fight spiritually:

[topic5159.html](#)

Members have been harassed attacked offline, which shows the enemy is getting desperate and they are doing their "Samson" option, as in trying to take anything they can down. What we have done has triggered and will trigger more and more spiritual destruction to them. We have set the way and now things will take their course. This doesn't mean this is time for resting, this is time we make the major push. The enemy is at the same time very much attacked. Economic crisis or anything of that type, will manifest itself blatantly on the back of the jews. They are gambling around with the world, on the backs of Gentiles, as they always do.

The jews behind such operations are known. Anyone who knows our message knows entirely that this is all their doing. New or older, Satanists must prepare for what is going to come. The jews are pushing matters. Always remember, Satan is with us and the

dedicated ones are protected by the Powers of Hell. Make this easier by protecting yourselves. We Satanists ARE protected. This is beyond any doubt and you will readily see this as times go.

Now, those of you who are advanced and those of you who have been with Satan for lifetimes, you do know, we are fighting for freedom and to set this world free of this parasitic existence of the jews. No race, no state, not even the planet can rest over these parasites. Once they were named "monarch", "Christian ruling priests", now they are named "capitalists", "communists", whatever. Names changed, faces changed, their way remains the same. Enslavement towards everyone and death towards all who oppose them.

It's self-evident who sits behind the "economic crisis" and who tries to inflict war and cause wars between the Races and peoples. They are trying to set everyone against everyone. Those of you who practice magick, you know it has definite effects that manifest physically. The enemy has been doing this for hundreds of years, to either prevail and then destroy everything, or destroy as much as possible if they are dragged down. The second is happening.

We have to be honest now. The White Race is under attack. The White Race, as those who have studied know, has been used viciously as another Trojan horse for the kikes. They have now changed their Trojan horse to other Races. They play everyone. We have all been duped by these kikes in the past. No more- this has ended for much time now. We know we are in one common banner, in the Banner of Satan. Others must be given the Truth. If they are unaccepting, you must take the heed of things. Others are used viciously and as weapons. People from poor countries have already been destroyed by the jewish hand, culturally, in their wealth, in their minds and souls. How they have decimated whole nations and tribes should stand as warning to those who are asleep.

The major points where the jews have power are two:

1. While they are hidden and unknown, while the world is unaware of their presence. An invisible and unrecognizable enemy cannot be fought at all. You cannot rebel against anything you don't know.
2. While they are being allowed spiritually to be roaming freely and nobody knows how to attack them at their core, which is a spiritual core. Spiritual is where all that is physical starts. The enemy knows and they have utilized both the physical and the spiritual. You cannot rebel if you do not know an effective way to do this.

After this, others will follow. The enemy uses the Middle Easterners, the Blacks and many other people and incites inside them hatred towards us. They are using Gentiles to destroy Gentiles, so nobody will turn themselves against the jews. The jews have been doing this for centuries and are re-attempting this. They are trying to play the side of the good and the side of the bad, so everyone seeking either of these will again run to them. The enemy uses the media and their propaganda machine to make everyone go and turn against everyone else. They want us to destroy one another, because they themselves cannot do this or ever could. We here all know their work.

As time goes, the enemy will try to forcefully push communism and christianity/islam as much as they can. They will also use fear mongering and any other tactic. They will try to divide peoples and nations over these things and more frontiers. They will lie that for instance, things caused by nature are “works of god”, or the work of “sin” or whatever crap. They will keep the good old lie about all these things. The enemy simply does this for hundreds of years. We know Man is “God” and who the real Gods are. We have the privilege to know, we are blessed to know them. They will use the media and any other fool they have available to lie otherwise. This is all because the enemy is crumbling spiritually and they know this. They will lie and keep lying to hide those that we know to be evident.

Now, they are putting their weight on what they do own physically. This has always been the case, but now they are pushing matters. The enemy inside their bible, they have put energy into events of famine, destruction, genocide and everything else. These are like a working which has been set to act once they are attacked. We are trying to offset these. Our works and our rituals against them do rival this. Many do not quite understand that we are literally, fighting a war to save the world itself.

Many of you here, you do not realize how powerful you are or how powerful we are as a group. Or even how Powerful Satan is. Satan is the original God. Satan is the ruler and the Truth. The kikes are merely a temporary disease and they will be blotted out spiritually. They lied for a while and are causing grief and problems, but this is not eternal. Like when removing a parasite, it might leave a wound. They are trying to suck out as much blood as possible before this.

You have enough power and as you proceed with your meditations, you will have more power to manage things. You can protect yourself, your homes, your families and everything else. You must put this power in use. The central thing we can do to undermine and undo the enemy is doing the reversal rituals to reverse their curses of the Torah and the Bible, then we will continue attacking them. This will ensure nothing will turn as they tried to “predestine”.

You must all stand with your head up high. No “threats” or anything can hold us back. Those of you here don’t buy lies, deceptions and false alarms. We KNOW and KNOWLEDGE has set us free more or less. We are sensible and we know the Truth in the midst of a world of lies, deceptions and vain threats. Your Guardian Demons and Satan do guide you with their unseen forces. Satan and the Pagan Gods were the past, the future, the beginning and the end. Never forget this.

Never forget who you are, what runs in your veins, your people and your Gods. While this world has been full of deception and lies, you made your choice, which lied within yourself, in your blood, in your SOUL. You did not sell yourself out. You might have not understood the depth of your choice, but I do. You chose to remain upright in a world that has been made into a farm of pigs, owned by the kikes. You made your step towards where few can even tread.

You might lack awareness of this, at least few of you, but our Gods, they stand behind your every step. You must let yourself unveil to what you are.

Aristotle said, if one can live alone, they can be either a Beast or a God. The Truth is, there are some who are both beasts and Gods. It's about time the "Goyim" "Beasts" become enraged and show the self-proclaimed master slavers spiritual justice. SHOW THE "CHOSEN ONES WHO IS "GOD".

Never forget: We have accomplished a lot. This hasn't been done in centuries. We have made serious impact and the energies are being set. Set them further and let the music play.

YOU WILL NEVER BOW AND YOU WILL NEVER SURRENDER OR SUCCUMB, OR EVEN MOVE A BIT FROM OUR POSITION. WE HAVE STOOD, ARE STANDING AND WILL STAND UPRIGHT ON EVERYTHING. THE WORLD IS AT STAKE. SPIRITUAL JUSTICE MUST BE SERVED.

ONWARD TO VICTORY!!!

SIEG HEIL!!!
