

The Eur-Africa Agenda in Action - Extremely Important

Many people are not aware of this, as it is beyond their wildest imaginations, and nobody sane can believe that it's actually happening, but it is.

The head of the Jewish Kalergi Bureaucracy of the EU, is planning, and is slowly creating, the system through which they will push to make Africa and Europe into one, singular continent. This they consider and give the Jewish excuse that will happen "As a necessity" because of African migration to Europe.

They do not secure any borders for this reason, and this is why there is all this aggression on Salvini, and so much strict control on Greece. These are the two countries that if they have safe borders, Europe cannot be racially assaulted. Likewise, both countries are treated with contempt, scrutiny, and harsh judging. Both Italy and Greece almost went bankrupt twice, but in the case of Italy, they cannot take it down due to the weight of its trillion-range dollar economy.

Macron in particular is a central figure in the Eurafrica debate. The Jews have turned Paris and France in an African, Muslim colony. Much of Africa speaks French, because of "Colonialism" and for other reasons. Of course, for the Jews what kinds of servants they have below them, or what color, it doesn't matter. So, they consider to bring more and more Africans in Europe, until the plan reaches a conclusion where they will start advocating 'closer and closer' links between Africa and Europe, to the point they want to merge the continents.

The Jews are laying the legal framework on how they will try to make this happen.

I mean we all can tell that this below is really a Brazzers movie, as for the script, you can understand what it is. Macron's ass has to decide the future of Europe? I think not.

Now, on a more serious note.

The plan will be as following -> Endless "Migration" they pretend they can't control -> Kalergi browning of local European populations -> Bolstering of anything with a dark skin with socialism and free shekels, free housing, free job and work hyper-ascendance opportunities -> All of the above whilst creating an "Afro-European identity". At the end of this process, they will try to unite the two

continents, and create Eurafrika.

At least this is how Rabbi Macron envisions it, so when he is 90 years old, he can finally have at least 5 young "black bulls" to do him while he praises himself for his "Political Genius".

When Hitler was talking about on how the jews want to extinct the European race with black people, they thought he was insane. Now this reality is literally in front of us. When Germany lost WW1, the Rhur territory in Germany was being infested with so called "Foreign labor" that was replacing the natives. By a huge coincidence, all of it was African labor, from the "French" imported by the French. These were put and housed there so they would marry and replace the native population. Germans back when were extremely dis-tasted for this, but now this is the reality of the whole of Europe.

In modern "European Union" thought, this is called the "Kalergi Plan". Kalergi's, a mixed person himself, half jew and half Japanese crypto, and member of the Bnai'Brith lodge in Europe, and later on he also became a personal friend to Rothschild. He created the ideas to make Europe a mixed amalgamation between Black and White people, to restore a "Negroid Egyptian Hybrid". This was to be done by a central, jew ruled, megastate above Europe, which would bring the progressive assimilation of the European people.

Count Richard von Coudenhove-Kalergi was the founder, and President for 49 years, of the Pan-European Union, the forerunner of the EU. In his 1925 book, '*Praktischer Idealismus*,' he says this:

"The man of the future will be mixed-race... The Eurasian-Negroid race of the future... will replace the diversity of peoples... Russian Bolshevism constitutes a decisive step towards this purpose, where a small group of Communist spiritual aristocrats govern the country...

Jewry surpasses all other peoples in percentage of important men... with Trotsky as the frontrunner of modern politics... The prominent position held by the Jews these days is owed to their spiritual supremacy... Modern anti-Semitism is one of the many reactionary phenomena of the mediocre against the supreme."

In 1950, the Count was awarded the first Charlemagne Prize. Other winners of the award have included, Winston Churchill, Henry Kissinger, Edward Heath, Bill Clinton and Tony Blair. Of mixed-race himself, two of his three wives were Jewish.

European Bureaucrats get awarded if they act in that regard and in that direction, with the "Coudenhofe Kalergi Reward". Merkel and many others have been nominated and got this reward, for supporting and putting the political framework of imposition of these ideals.

Rabbi Macron, in his own words. Let us also say that he is the most unsuccessful and hated president that France has had in a while, and most of his country wants him gone and to disappear. He is ruling his African Gulag like a tyrant:

'Bombshell' population growth in Africa means Europe is entering an "unprecedented" age of mass migration, Emmanuel Macron has said, asserting that the two continents' destinies are "bound".

"The migratory phenomenon we are facing will be historic," declared the French president in a television appearance Sunday night, when he announced that "great poverty", "climate change", and "geopolitical conflicts" will see Africans flooding into Europe "for many years to come".

To back up his point, Macron pointed to "bombshell" population growth across the

third world continent, which he added has been “tremendously well described” by French-American journalist and professor Stephen Smith in a recent book.

“[Africans] are mostly turning to Europe because the continent [of Europe] is not an island, because of our location, and because Europe has its destiny bound with Africa,” stated the vehemently pro-EU French figure during a two-hour long interview.

Smith, the Africa expert to whom Macron referred during his appearance on BFMTV, estimates that the number of Africans living in Europe will grow from nine million to between 150 million and 200 million within the next 30 years.

[My note here - European population, with all these figures included, is about 320 million, without counting in as a region Russia. They plan to have 1 in 2 people as Black people by 2040. At the same time, in the USA, the jews project that the native White population will be around 50% of the total population of the country.]

The plan to extinct White people is loud, clear, and comes from people who have noses such as this one below:

Recently, the jews passed legislation to destroy the Free Internet in Europe. This is a very important step in cutting all the flow of information in Europe for what is to follow in the next decades.

On the dying of the internet:

Recently, the legal framework for this is also coming up, to pay "Reparations", to "Promote Black People", ascend them in positions of power etc [Below a copy of the official EU Legal Framework for this]:
