

Why Europe is Not Revolting? Here You Go...

I will tell you why and put it bluntly and simply. Because of Christianity. Christianity, and these people who have been taught cultural marxism later, all account to the same people. Those who will never revolt, and always tolerate anything the jews or the abrahamics bring in their plate.

They are more ready to condemn, attack, kill and imprison their 'own', to earn their 'right' to be raped, pillaged, and outbred by Muslims and others. These are their 'values'. The values of having no value about your existence, at all.

They enjoy it when rape happens, they enjoy murder, and more than likely, they enjoy death and the darkness that looms over Europe, which used to be a continent of light. They are filled with perversion and an instinct of destruction. They know it too, but they are allied in an unholy alliance of benefits, materialism, and corruption, that ties them with strong bonds. Then we have ignorance, stupidity, and escapism that is without equal. A retardation unparalleled in human history.

Even cavemen understood their own enemies, and the Paleolithic man understood what it means to be in danger. Now, 'modern humans' understand nothing. Or even worse, pretend NOT to.

On the other hand, the Christian mass was very militant in history, when it came to Pagans and others, but right now, it's not. Why?

Because the energies clashed when it came to Pagans. They don't do now. Islam is nothing but what Christianity was a few centuries ago. It's the same thing. The Christians are only welcoming their past. With open borders, legs, wallets, streets and neighborhoods. The energies of a Muslim and a Christian, they do not really 'clash'. They don't cleave very nice, or at all. They are too close, closely identical. One is just more radicalized. Internally, it's the same sand excrement, and psychosis, motivating more or less, similar actions. More or less, it's only the same jewish-taught, self-destruction. It just externalizes on a social level.

They worship the same 'god', they have the same ideology about the world. The only difference between the hordes from the Kaaba, and the nuts of the Vatican, is that what the brutal apes of the Kaaba are doing 'now', the Christians have done centuries ago, consolidating total power through mass murder.

Therefore, when they were 'done', they turned to apologetics and becoming 'friendly', while killing the remaining those who disagreed with their jewish dogma. The Islamists are now on the same transitory phase. Let's not forget that Islam was only created a thousand years after Christianity, roughly. It still has to go through these states. And so it will. Like a jewish instilled disease, such is its evolution and its manifestation.

Like the Middle East has been wrecked completely and is completely uncivilized now, the place where once civilization flourished, the same thing will come to Europe. It's already coming, and it's here. But skilled politicians and deceivers, in an unholy alliance, they hide this very fact. Until death is in everyone's door- the moment where it is too late, but only for lamentations and useless prayers. After all - this is the only thing that Europe knows how to do:

Lament and dance over the corpse of its own civilization...

Lastly, let's see the 'enslaved for nothing', self-hating, and culture and civilization hating disposition of Christians. Who believe Civilization is "Sodoma and Gommorah" and needs to be destroyed. The Islamic Invasion is literally, the answer to their prayers to the criminal god they pray to. The jews whom they worship have answered their prayer in the material plane. They basically, inherently, love this, and want everyone to die and go extinct.

It's the same old revolt of the weak, the retarded, and the worthless, against the strong and those who are worthy to at least live and exist. The same psychopaths who like to rape children, are filled with corruption, enjoy seeing open borders and criminals flooding in, and the same politicians that give ass to jews, now want to give ass to Islamics. All their testament is their own retardation and evil, that they cloak under 'political beliefs'.

They just enjoy to see people die, and civilization to collapse. That's all their inner truth. There is no deception in this. They can see where all of this is going, but they march forth, for they are JEWS.

It's the same worldwide, jewish conspiracy, that starts, and that will end, with the Jews. As for their pawns, don't question why they do not 'protect' you. They are jews themselves, and Christianity was their tool of enslaving, cuckening, and instilling the foundations of communism at the soul level: the conception that all people are created equal, and all the false doctrines that made it into rules for civilization and legal system.

As Europe sinks into darkness, don't forget who was the only one who said the Truth again, and always has nudged people to wake up. Satan. Soon, Europe

will be begging for the help from "God", and the jewish God they believe in, will again be absent to give any help.

The jewish JHVH and his Rabbi Son They will have already done enough to Europe: But they will not be satisfied until the last European baby is beaten in the stones (Psalm 137:9), and until the last European sinks into the cauldron of Race mixing, to never exist again.

Only the rebuked, the defamed, and the falsely attacked, the Gods of the Gentiles will be here to help, for once more, those who have always made their presence known even through their own enemies, in every cathedral decorated with Demonic decoration, or in the Renaissance, through the waking up of the Ancient Philosophy, that of the European Spirit.

Their European God, who is nobody else but Satan- the defamed and rebuked "God" of the jewish dogmas and religions, whom the whole planet speaks against. The influences of the God of Civilization, Satan, are giving in, in Europe. In His place arise pedophile prophets, murderous jehova's, and rotten politicians that care for nothing but to make Europe extinct.

Enjoy the outcome of believing in jews, bending over to them, accepting their Gods, their Dogma, and their plans for your future. For this is equal to your HOLOCAUST. And no, it will not be as the fictitious jewish one. It will be one that will be very real.

The Return of the people to their Gods, and their awakening, equals to the regaining of the spirit of vigor and life. This is the only thing that can save Europe: A real re-awakening. It's reaching a radical and critical point- those who do not make this step will have to be consumed by a darkness that all generations to come will never forgive us about...This point will be reached, Whether we like it, want it, accept it or not.

We will do our part in saving Civilization and the world, yet again, but unless people wake up, reality will be very brutal.

The question, the more people stay asleep and nothing happens... The question will be...: "To wake up and revolt, or to die in one's sleep".
