

Why "Normal" People Are SO Dumb

Greetings to all our Satanic People and Comrades.

A sister in the groups made a comment about how she explains things to people, but they cannot take it. The things might be simple, such as the problem-reaction-solution formula the jews are doing to remain in power. All those of you who read my posts, this is why they are so long. I thoroughly explain things to everyone, because I care about everyone.

In our lives we encounter a lot of people. A lot of people are naturally 'intelligent' but there are many types of intelligence. One example is these people who are university decorated, but cannot figure out for example that their own mother is depressed or something. Other people are very emotionally intelligent, but they cannot get it out. Others are so called 'average intelligence' people, that you would be surprised how many things they understand.

In life, the simpler the people, the more things people actually understand. This is because as their thinking is simpler, they can see things simply and they believe their own eyes. Of course, this is not idea every time, but on some matters, its heaven-sent and exactly what is necessary for the moment. A person who sees a woman that is raped and is a farmer, will far more easily do the right thing and try to help or call the police. A high-strung super 'intelligent' cuck, may run or something. A farmer understands easily about the mudslime crisis and the pisslamic terrorists, but other more 'studied' people will always fail to get it, unless of course, they are intelligent in more things than in academia.

I have also noticed that people who consider themselves 'intelligent', also do lie a lot. They are afraid basically to say the truth and they constantly run in circles to bend everything. This is largely what 'clever' people are supposed to do, and this is a jewish teaching. Eventually, they are found out for frauds, and they are rimmed and get what they deserve by others. Obviously, use common sense: what I say here does not apply when communicating with zombies and many others. It's just a general discussion. This is because many such people are weak, and the list goes on. No matter how 'intellectual' one is, a bully can punch them in the face, and that's all.

Take another example. If you try to 'explain' to a cucked feminist, however many 'degrees' they have, they will never understand fairly simple things that you do

explain. This is because they are not really 'educated' in this sense, they just did spend more years reading heavenly theories and other things that are inapplicable with reality, generated mainly by jews exactly of that: to suck and be unreal. Education is necessary, but keep AWARE and don't let jews school you. The jews pass poison through education. You need to rule this out and not accept passively.

For a similar issue. You go to some village in Africa and you ask a person there who hardly knows to read, why for example Pisslamics are coming in Europe or other things. You will get straight, real replies. Money, rape, spreading Islamism and the list goes. Who would be more genius in this case. The brother in Africa or the cucked feminist?

The soap bubbles in the West are conditioned to not think in these terms, as this is 'evil', but unfortunately, most of the world does actually think in these terms. If people don't have this ability, or reject to even KNOW that such animalistic thinking exist, they will be victims of this. Their intelligence is in fact, a hindrance. They cannot see the world as it really is, or as others do in reality see it. This is a high disadvantage for "survival" in situations like this we are going through.

Spiritual Satanism is a club for elite people and souls with higher morale and higher understanding. Unlike cattle herd people, we actually crave to expose ourselves to that which is higher and better. We don't feel bad for it, and for those in the lower levels that may feel hate, we trans-mutate it to go forward in our own self. Satanism at this point is not for everyone because most people are actually too weak to handle the downward spiral of self-esteem, an uncontrollable mind, etc., the enemy has imposed.

We understand nature. Nothing needs to be equal. What I mean from this post, is that if people were meditating and advancing, their intelligence would grow a lot, to the point most people would have healthy and sane reasoning in the very least. Basically, look at yourself and how much you have grown, and you will understand how much it can go. For those who don't become cleverer, they would at least be and feel better - less crime, less psychological problems, less death and anguish. The universe wants to give pleasure to everyone for free. It's just people don't take this, thanks to jews.

You don't need to be a rocket science expert, just get it. Everyone shrinks compared to a God for example, in everything there is for us to 'compare' ourselves with them. Those who think themselves as their 'equals', just have no idea of what of beings we are talking about, and they need to look deeper.

Infrequently we see attention whoring and other people who are empty, and need a feeling by the time and attention of the Satanic community. It comes in many forms. These people have nothing to offer, and they think they are too important. Little do they see that they suffer from an energetic inflation: as someone who pathologically destroys their self-esteem no matter if they are a great person or not, these people pathologically fill it up even if they are a whack person in reality. They suffer from the same disease, but it manifests differently. One is too slim, the other one is MacDonald's obese. That's all.

When you go outside and you see people fucked up in the head, just know, it's just spiritual degradation. You can see this here in the group. We have people from all Races, cultures, backgrounds, but we can still conversate and everyone eventually gets one another. Everyone advances. Everyone is on the bright side if they just put themselves to it. We are a family of multitudes.

No xian or anyone else can state the same, in the least. These people while they have 'renounced' the values of the vultures are the real faithless vultures they have 'renounced'. We are the 'beasts' with the 'bad morality' but we behave nothing closely like it. Guess what. Because we just follow nature dictate so nature rewards by healing us. These fools go against nature and nature curses them.

It may seem like a miracle to others how we can maintain a community with the ideas that we do, and the goals that we do, but well, it is miraculous, but the thing is, WHY? Because everyone of us maintains the SATYAN- Eternal True path, to enlightenment.

This opens up the mind. It makes one expand their horizons and be really able to ingrain things into their mind. One also learns the value of change, and stop associating themselves like a kid that has a complex that all the mistakes of the world are their own. People start to face reality in how they are inside, and this produces pleasure after the initial shock of a neglected self. Then the pleasure is immense and power starts to grow bigger every day. So long everyone advances, everyone is happy, this is what many people don't know.

Now lastly, the jews are intelligent, YES, but many people forget WHY they are intelligent. Many of you go around the street, and because you are spiritually awake, you will notice strange things such as jews looking at you, being afraid of you, sneering at you, whatever. You wake to another world. In fact, most jews are aware to this level themselves. They are walking this world around as awakened towards the asleep.

They are in fact, worried to see YOU there, on 'THEIR' level. "What do we have here, a Goyim that is awakening?". Do not worry guys, this is not terminator, and 99% percent of jews don't understand 'what' you are specifically, so DO NOT grow paranoid. All they feel is a natural instinct to coerce you, or run away from you, without knowing the details. However, unlike Gentiles, they are NOT oblivious on an instinctive level.

The Rabbis are doing racial magick to keep the jews awake on a racial level, and controlled by the Torah unconsciously. It doesn't matter what the average jew does, the Rabbis have the controller. They can play whatever, that they are opposed to them, xians, or even interested to be "Satanists" or some other joke. The reality is on the blood. Something which the enemy knows.

These jews are on a higher level than others, and they from this level cast down to the lower levels fog, mist, and dust in the eyes of people. This is why you can see after a point of advancement, that most things mean to confuse, coerce, make-believe and do other shit to people, are made by a jew, or a jew is always an associate. This is not you a jew being an antiSemite, this is you becoming aware.

The jews are an alien soul.

When people get this, that these beings are aliens acting as overlords here, and that they do not belong to the earth naturally, they will figure out why they do all this. In fact, even someone simply reading the Torah will just understand their mentality, as they were dumb enough to keep it in paper.

Satan is only fought against by the jews because he is the Truth and teacher of Meditation. So long people get stuck in the 3rd dimension, those like jews who hover just a bit above, can always lie to them and deceive them. Satan abolishes this ability from these beings to lie to everyone.

They have numerous prayers they channel to their people every day. Jews are a cursed race, they are not gifted. Most races in humanity have decent health for example. Jews don't. But they have the stolen culture and they use it for themselves. This is why they find these 'chances', always make 'profits' and other things. Of course, we have Gentiles that are PROGRAMMED to be stupid and victims. This plus magick, makes a dangerous combination. However, there is nothing 'unable' to be defeated behind this.

The jews do some daily prayers like the Shema prayer, and other prayers, who just have an effect of a normal meditation session. The jews don't really meditate, they just channel the siphoned energy by xianity and Pisslam. So long they lose

followers, their power will decrease. They are dependent on blood intake. In fact,, everyone with spiritual knowledge can become aware, except of flat out, clinical retards.

The spiritual damnation and darkness, manifests in ignorance in the physical and in all other realms, a desire to waste one's life and one's existence, and a lack of understanding, compassion, and also fighting spirit all together.

Lastly, this is just for general knowledge. This is not to make you think that a race mixing, leftist scumbag, drug user, will magically be saved at some point, and you need to play the savior. Many people are beyond any 'saving' and also, you need to save yourself and keep yourselves safe as Satanists above all. Secrecy is the most important thing in the world we are living in. Our RTR's will bring the world into a different footing, where in the light of the Age of Aquarius, we will have far better of a scene to project our message.
