

# Today is a Day to Cause Suffering - WE DO IT

by High Priest Hooded Cobra 666

Greetings to all our Warriors.

I will be quite brief. Today is a day you can cause extreme grief to the enemy. Today, one RTR equals around 5 or in your peak, possibly 10. Therefore it's a must that we do warfare now.

If you haven't been doing RTR's, you can amend for such today. This is a great day.

Today, you are to cause damage. You damage and you destroy. The enemy sits passively and they receive tenfold destruction and worse. Make use of this.

There is no need for qualms and misplaced forgiveness, on people who curse you 24/7, 365 days a year, for around 5800 years now. The enemy has to experience the 'karma' they tried to seed into this world for their personal evil.

The RTR's themselves will be a good judge on the enemy and will punish those who are responsible first and foremost.

It's a day to give them some of their own medicine.
